## INTRODUCTION AND RATIONALE

The WJEC suite of Entry Level Certificates, Awards and Diplomas are provided within the Qualifications and Credit Framework (QCF), which is designed to provide learners, learning providers and employers with an inclusive and flexible regulated qualifications framework that recognises the widest possible range of quality-assured learner achievements. Consistent with the principles of the QCF, these Entry Level qualifications aim to be:

- inclusive – recognising the achievements of all learners at Entry Level through a standard currency of awarding credit;
- responsive – enabling individuals and centres to establish routes to achievement that are appropriate to their needs and facilitate progression;
- accessible – based on clear design features that are easy for all users to understand.

In particular, compared with the subject-based qualifications that preceded them, the qualifications support personalised learning through enabling centres to:

- combine units to create programmes of study suited to individual learners' needs;
- elicit the required assessment evidence from integrated programmes of work at appropriate points during the course;
- recognise completion of each unit as well as the qualification as a whole.

The table on the facing page gives an overview of unit and qualification provision. It is important to note the following points:

- Subject headings (such as *History* or *Hospitality and Catering*) have been used to give a general indication of how units may contribute to qualifications. However, the rules of combination are based solely on individual units: it is up to a centre how these are put together to create meaningful courses.
- Units in some subject areas may contribute to more than one certification title.
- In the case of the core subjects of English, Welsh, Mathematics and ICT, the skills qualifications (Functional Skills in England, Essential Skills in Wales) will be complemented by additional units (leading to an Award or Certificate) that may be taught as part of an integrated learning programme in the subject area.

## 5 RULES OF COMBINATION

### Certification - Optional Units

Within each area of certification indicated above all units are 'optional' and the only requirement is to complete units of sufficient value to achieve the Award (8 or more credits), Certificate (13 or more credits) or Diploma (37 or more credits) qualification.

For example, units in *Healthy Living* (2 credits), *Making the Most of Leisure Time* (2 credits), *Managing Own Money* (2 credits) and *Working as Part of a Group* (2 credits) could lead to an Award in *Personal & Social Development*, while the addition of units in *Environmental Awareness* (2 credits), *Individual Rights and Responsibilities* (1 credit) and *Parenting Awareness* (2 credits) could lead to a Certificate in *Personal & Social Development*.

### Certification – Level

In accordance with QCF regulations, Entry Pathways allow some credit to come from units achieved at a lower level than the qualification itself. This allowance is as follows:

**Award** (up to 12 credits): at least 5 credits must come from units at or above the level of the qualification.

Qualification	Credits Achieved	Minimum number of credits required at or above the level of the qualification
Award	8	5
	9	5
	10	6
	11	6
	12	7

**Certificate** (13 or more credits): at least 7 credits must come from units at or above the level of the qualification.

Qualification	Credits Achieved	Minimum number of credits required at or above the level of the qualification
Certificate	13	7
	14	8
	15	8
	16	9
	17	9
	18	10
	19	10
	20	11
	21	11
	22	12
	23	12
	24	13
	25	13

	32	17
	33	17
	34	18
	35	18
	36	19

**Diploma** (37 or more credits): at least 19 credits must come from units at or above the level of the qualification.

Qualification	Credits Achieved	Minimum number of credits required at or above the level of the qualification
Diploma	37	19
	38	20
	39	20
	40	21
	41	21
	42	22
	43	22
	44	23
	45	23
	46	24
	47	24
	48	25
	49	26
	50+	At least 51%

### **Certification – Re-sitting**

Units achieved may be used for re-aggregation for a larger qualification. However, units can only be used if and when included within the qualification.

For example, having achieved 8 credits for an Award in *Independent Living* and subsequently completed sufficient further units, a candidate may include the credit from the Award for aggregation towards a Certificate in *Independent Living*.

For example, credit at Entry 3 for *Introduction to Animal Care* used for aggregation to an Award in *Preparing for Work* can be re-used for aggregation to a Certificate in *Science Today*.

# 6

## ENTRY PROCEDURES

Entry Pathways will be available for certification following the January and June moderation series starting with June 2011 (units for certification in *Personal Progress, Personal & Social Development, Preparing for Work and Independent Living*) and June 2012 (units for certification in *Science Today, Humanities and Creative, Media & Performance Arts, Additional English, Welsh, Mathematics and ICT*). \*

Entries for January series must be submitted no later than 21 October. Amendments can be made up to 11 November.

Entries for June series must be submitted no later than 21 February. Amendments can be made up to 18 March.

Any entries received after the above dates will need to be entered for the next session.

\*Awarding and reporting of results in Entry Pathways will take place in March and July each year.

### Unit Entry

Entry for individual units must be made by submitting the relevant unit and option code. Option codes for Entry 1, Entry 2 and Entry 3 are E1, E2 and E3 respectively and for Level 1 the option code is L1.

For example, the entry code for the *Maintaining Healthy Hair* unit at Entry 2 is 6159/E2; the entry code for the *Maintaining Healthy Hair* unit at Entry 3 is 6159/E3.

### Qualification Entry

Entry for aggregation ('cash-in') for a qualification must be made by submitting the relevant qualification and option code. Option codes indicate the size of the qualification (Award = A, Certificate = C, Diploma = D) and its level.

For example, the cash-in code for an **Entry 2 Award** in *Personal & Social Development* is 6001/A2; the cash-in code for an **Entry 3 Certificate** in *Personal & Social Development* is 6001/C3.

**N.B. Aggregation does not take place automatically: it is necessary to enter the relevant 'cash-in' code for aggregation to take place. This entry will normally be made at the same time that sufficient units are completed for a qualification to be awarded, but may be made at a subsequent series.**

# 7 ASSESSMENT

**All Entry Pathways units are internally assessed and externally moderated.**

The following principles apply to assessment of each unit:

- all assessment criteria must be met for unit learning outcomes to be achieved
- for units provided at Entry 2 and Entry 3, criteria must be met in full at each level
- credit is awarded for the unit as a whole
- evidence of meeting assessment criteria may cover the criteria for more than one unit but each unit must be assessed independently against its assessment criteria
- tasks may be chosen from examples given by WJEC (see unit details) or set by the centre.

## Assessors

Assessment must be carried out by an *Assessor* designated by the centre, with the necessary level of expertise to assess the candidate's work in a specified unit.

The Assessor is responsible for ensuring that:

- assessment criteria for the unit are applied
- the work presented is authentic
- witness statements are authentic and valid
- assessment decisions are accurately recorded.

Evidence should also be *formatively assessed* on a regular basis to:

- involve the candidate with their own learning and assessment
- track progress
- identify whether additional learning opportunities are required
- confirm the sufficiency of the evidence

## Witness Statements

Where appropriate witness statements may be used to support other work presented by the candidate. A witness statement should include:

- the candidate's name
- the date the activity or action was witnessed
- details of the context and activity
- the name, signature and contact details of the witness
- a clear description of what the candidate did or the action taken

The candidate's Assessor is responsible for judging the validity and authenticity of the witness statement.

A WJEC *witness statement* form is available on WJEC website.  
Alternatively, centres may use their own provided they are *fit for purpose*.

## 8

**INTERNAL STANDARDISATION**

This is the process by which centres ensure that all candidates are judged to the same standard across different assessors, teaching groups and from year to year.

Where more than one Assessor is involved, the centre must appoint an **Internal Verifier**. The role of the Internal Verifier is to:

- check that all assessments /tasks cover the assessment criteria and learning outcomes of the unit/qualification
- where Assessors have adapted WJEC tasks, ensure that the assessment criteria are covered and there are no added requirements for the candidates or requirements that disadvantage certain groups of candidates
- ensure all Assessors have copies of the assessment forms and exemplar material issued by WJEC
- sample Assessor judgements at appropriate times to ensure that assessment criteria are correctly and consistently applied
- co-ordinate meetings of Assessors, including arrangements to *standardise* their judgements
- give and record feedback to Assessors
- maintain records of the work/evidence sampled, and of the outcomes.

WJEC does not stipulate a percentage of candidates' work to be sampled for internal standardising as this will vary according to each centre's circumstances. Each centre, however, must establish its own sampling strategy that will allow the Internal Verifier to be confident that those candidates whose work is not sampled will also have met assessment criteria and recording requirements.

The sample must be able to establish for each Assessor:

- *assessment records* and *witness statements* are completed accurately
- candidates are authenticating their work.

Centres may wish to add further sampling criteria, such as increasing the sample size where new or relatively inexperienced Assessors are assessing work/evidence.

A record should be kept on each occasion an Assessor's judgement is sampled, together with a record of the feedback. The feedback may need to include action points where the Internal Verifier identifies inconsistencies in the application of assessment criteria or deficiencies in the recording of assessment decisions. The Internal Verifier should monitor any action points to ensure they have been implemented by the Assessor.

An example of an agenda for internal standardising meetings is given as Appendix 1.

## 9

**EXTERNAL MODERATION**

The consistency of assessments across centres will be checked through the external moderation of a sample of work.

**Stage 1**

This will normally be done through **postal moderation**, in which case the sample size must cover every unit assessed at every level the following sampling formula should apply:

<i>Total number of candidates</i>	<i>Work to be submitted</i>
1 - 10	Sample of 3 for each unit at each level to show evidence of all units covered.
11 - 20	Sample of 5 for each unit at each level to show evidence of all units covered.
21+	Sample of 7 for each unit at each level to show evidence of all units covered.

Evidence of meeting assessment criteria may cover the criteria for more than one unit but each unit must be assessed independently. Where appropriate the Assessment Record cover sheet(s) (for example see Appendix 3) should be used to indicate to the external moderator where the evidence of meeting assessment criteria for individual units is located. If assessments for the sample are agreed by the moderator, the centre's assessments will be accepted and moderation will not be extended. If any of the assessments are not agreed by the moderator, then the process moves to stage 2.

**Stage 2**

An additional sample (same size as the first sample) will be requested from the centre:

<i>Total number of candidates</i>	<i>Work to be submitted</i>
1 - 10	Sample of 3 for each unit at each level to show evidence of all units covered.
11 - 20	Sample of 5 for each unit at each level to show evidence of all units covered.
21+	Sample of 7 for each unit at each level to show evidence of all units covered.

If the centre's assessment is consistent no further re-assessment is undertaken and the centre's assessment will be accepted.

If there is still doubt about the consistency of the centre's assessment, all work would be requested for re-assessment.

Where appropriate (e.g. the evidence for assessment consists largely or wholly of live performance or of artefacts that cannot be quality assured through postal moderation) external moderation may be via a **moderator's visit**.

The moderator's assessment will be based on the marking schemes or assessment criteria for each unit as issued by WJEC.

In addition to this function of ensuring that standards are aligned, moderators will use the following checklist to ensure that coursework has been set and assessed in accordance with WJEC guidelines.

- (a) **Task-Setting.** Where appropriate, are tasks set within the requirements of the specification?
- (b) **Assessment Criteria.** Have they been applied appropriately?
- (c) **Administration.** Have WJEC's administrative and procedural instructions been followed?
- (d) **Annotation.** Has the candidates' work been properly annotated?
- (e) **Authentication.** Has the candidates' work been properly authenticated, especially in those cases where some activities may have taken place outside the centre? If details are given of any assistance given to particular candidates which is beyond that given to the group as a whole; is the nature of such assistance within the parameters laid down by the specification?
- (f) **Standardisation.** Is standardisation *within* the centre effective?

### Timetable

Samples of work must be submitted to the moderator and related marksheets returned to WJEC by 12 December for the January series and by 4 May for the June series. Centres will need to ensure that internal submission dates are set sufficiently in advance of this to allow for authentication, assessment and standardising.

### Presentation of folders

Specific instructions for the presentation of work may be given in the guidelines for individual units. Unless otherwise stated, the following points should be noted:

- Each candidate's work should be presented in an A4 folder/file which is itself clearly marked with the **centre name and number, candidate name and number, unit title(s)**.
- Each candidate's folder must include a signed authentication sheet (see Appendix 2).

- Ring binders (bulky to post) and plastic wallets (difficult to gain access to work) should **not** be used.
- Where work consists of a number of assignments these should be referenced to match learning outcomes/assessment criteria.
- Where evidence is presented to cover the assessment criteria for more than one unit it should be referenced on the cover sheets.

Please note: in the interest of economy and where items made by candidates are large or heavy photographic evidence is recommended.

### **Feedback**

The outcome of moderation will be to accept a centre's assessments or to provide guidance on actions needed before re-submission of specified units at a subsequent examination series.

Feedback will be provided through a moderator's report for each certification title, covering the units entered by the centre. The report will cover Administration, Content/Tasks, annotation and Assessments (see Appendix 4).

An overall report by the Principal Moderator for each certification area will be provided at each series and may be accessed on the WJEC secure website.

## **10** **EXTERNAL VERIFICATION**

Unit assessments will be quality assured through sampling of work as outlined above.

Centre systems and procedures for delivery of QCF units and qualifications will be monitored through a programme of visits by external verifiers. Details will be provided separately.

## 11 AWARDING AND REPORTING

Awarding and reporting of results in Entry Pathways will take place in March and July each year, relating to the above timetable for external moderation.

The candidate's **Statement of Credit**, issued with results, will provide a cumulative record of the credit value and level of all units achieved whether or not they have been cashed in for a qualification.

The candidate's **Qualification Certificate**, issued at a later date, will confirm the title, level and size (i.e. Award, Certificate or Diploma) of qualification(s) achieved at that series.

# 12

## ACCESS and SPECIAL CONSIDERATION

This specification has been designed to offer fair access for all candidates and to minimise the need to make reasonable adjustments for candidates who have particular requirements. It is expected that normally individual candidates' abilities, interests and needs will be appropriately catered for by centres through (a) the choice of units and qualifications available, and (b) the flexibility offered for different assessment methods and forms of evidence to demonstrate achievement of assessment criteria. If there are any queries about the use of this flexibility inherent in the specification to meet candidates' needs, or about the use of reasonable adjustments, centres should contact WJEC.

Exceptionally, if a centre wishes to request that a candidate receives special consideration, procedures will follow those outlined in Section E of the JCQ publication *Access Arrangements, Reasonable Adjustments and Special Consideration*.

## **13** **POST-RESULTS SERVICES**

If a centre wishes to query the outcome of the moderation process this must be done formally by the head of the centre notifying WJEC within 21 days of the publication of results. The sample of work submitted for moderation will be reviewed by a moderator not involved in the original and the centre informed of the outcome. Should the centre not be satisfied with the outcome of the review, there is provision for an appeal to WJEC.
