Dear Mr Neale

Re WJEC Level 3 Certificate and Diploma in Tourism

I am writing this letter in support of Level 3 Certificate and Diploma in Tourism qualifications developed by WJEC.

The qualifications appropriately assess the skills, knowledge and understanding of tourism at Level 3.

The qualifications have been designed to give a clear understanding of the nature of the tourism industry and provide opportunities for candidates to develop the skills and knowledge required as they progress from Certificate to Diploma.

The Level 3 Certificate and Diploma in Tourism is a firm basis for further study at higher level including degree, vocational courses and work-based training. In particular, the inclusion of event and itinerary planning within the Diploma provides an insight into courses and opportunities relating to events management and other associated industries.

I fully support the development of this qualification.

Yours sincerely

Dr Alan Marvell
Senior Lecturer in Events Management
The Business School
