HOSPITALITY AND CATERING

1 INTRODUCTION

1.1 Rationale

This specification provides a vocationally-related qualification that covers Levels 1 and 2 (Foundation and Intermediate) of the National Qualification Framework.

A course in *Hospitality and Catering* offers an unique opportunity in the curriculum for candidates to develop their knowledge and extend their skills within hospitality and catering in a vocational context. It will provide opportunities to develop candidates' interdisciplinary skills, a range of Key Skills and their capacity for imaginative, innovative thinking, creativity and independence.

It is a suitable qualification for those who want a broad background in this area and for those who wish to progress to further education. It will offer valuable preparation for those entering the world of work.

The specification encourages the investigation and study of hospitality and catering in a variety of contexts. In these contexts the candidates are given opportunities to acquire competence, capability and critical skills through the creation, implementation, use and evaluation of a range of resources.

Candidates from all cultures and both genders can develop their interest in, enjoyment of, and critical reflection about this vocational area.

The specification uses a range of assessment techniques to enable the candidate to respond through practical and investigative work.

1.2 Aims and Learning Outcomes

Following a course in GCSE Catering, Hospitality and Hospitality and Catering should encourage learners to:

- be inspired, moved and changed by following a broad, coherent, satisfactory and worthwhile course of study and gain an insight into related sectors
- make informed decisions about further learning opportunities and career choices.

GCSE Catering, Hospitality and Hospitality and Catering requires learners to demonstrate knowledge and understanding of:

- the industry: accommodation; food and beverage; front of house
- the types of products and services provided
- a range of customer groups
- job roles, career opportunities and relevant training
- appropriate forms of communication within the industry
- the importance of record keeping
- the range of equipment used in the hospitality and catering industry.

1.3 Prior Learning and Progression

Candidates embarking on a GCSE in *Hospitality and Catering (Single/Double Award)* should have achieved a general educational level equivalent to at least Level 3 of the National Curriculum or Entry Level 3 in the National Qualifications Framework. They would find the following learning, skills and aptitudes helpful:

- basic proficiency in literacy
- basic proficiency in numeracy
- an aptitude for working with ICT hardware and software
- some motivation to work independently.

Although there is no specific requirement for prior learning, this specification builds upon the Programmes of Study in Key Stages 1-3.

This specification may be followed by any candidate, irrespective of their gender, ethnic, religious or cultural background. This specification is not age specific and, as such, provides opportunities for candidates to extend their life-long learning.

This specification is intended to offer opportunities for progression through a variety of routes in further education (e.g. Advanced Level GCE, Diplomas), training (e.g. Modern Apprenticeships) or employment.

1.4 Equality and Fair Assessment

GCSEs often require assessment of a broad range of competences. This is because they are general qualifications and, as such, prepare candidates for a wide range of occupations and higher level courses.

The revised GCSE qualification and subject criteria have been reviewed to identify whether any of the competences required by the subject presented a potential barrier to any disabled candidates. If this was the case, the situation was reviewed again to ensure that such competences were included only where essential to the subject. The findings of this process were discussed with disability groups and with disabled people.

Reasonable adjustments are made for disabled candidates in order to enable them to access the assessments. For this reason, very few candidates will have a complete barrier to any part of the assessment. Information on reasonable adjustments is found in the Joint Council for Qualifications document *Regulations and Guidance: Access Arrangements, Reasonable Adjustments and Special Consideration*. This document is available on the JCQ website (www.jcq.org.uk).

Some aspects of the controlled assessment may present difficulties to candidates with particular disabilities, however, the choice offered within the tasks will mitigate the effects of this potential difficulty.

Candidates who are still unable to access a significant part of the assessment, even after exploring all possibilities through reasonable adjustments, may still be able to receive an award. They would be given a grade on the parts of the assessment they have taken and there would be an indication on their certificate that not all of the competences have been addressed. This will be kept under review and may be amended in future.

1.5 Classification Codes

Every specification is assigned a national classification code indicating the subject area to which it belongs. The classification code for this specification is 0007.

Centres should be aware that candidates who enter for more than one GCSE qualification with the same classification code will have only one grade (the highest) counted for the purpose of the School and College Performance Tables.

Centres may wish to advise candidates that, if they take two specifications with the same classification code, schools and colleges are very likely to take the view that they have achieved only one of the two GCSEs. The same view may be taken if candidates take two GCSE specifications that have different classification codes but have significant overlap of content. Candidates who have any doubts about their subject combinations should check with the institution to which they wish to progress before embarking on their programmes.

3

SCHEME OF ASSESSMENT

Assessment for GCSE Hospitality and Catering is untiered, i.e. all units cater for the full range of ability and allow access to grades A*-G or A*A*-GG for the single and double awards respectively.

This is a unitised specification which allows for an element of staged assessment. However, a minimum of 40% of the overall assessment must be taken at the end of the course. In effect this means that at least one of the two units for a single award and two of the four units for a double award must be taken as 'terminal assessment'. Centres may determine which are used to meet this rule; all units may be taken at the end of the course if so wished.

3.1 Single Award Structure

To obtain a single award in either Catering or Hospitality candidates are required to study two units. **Either** units 1 and 2 **or** units 3 and 4.

TITLE	STATUS	UNIT	ASSESSMENT WEIGHTING	ASSESSMENT METHOD
Catering	OPTIONAL	1	60%	Controlled Assessment
		2	40%	Written Paper
Hospitality	OPTIONAL	3	60%	Controlled Assessment
		4	40%	Written Paper

3.2 Double Award Structure

To obtain a double award in Hospitality and Catering candidates are required to study all four units.

TITLE	STATUS	UNIT	ASSESSMENT WEIGHTING	ASSESSMENT METHOD
Catering	MANDATORY	1	30%	Controlled Assessment
		2	20%	Written Paper
Hospitality	MANDATORY	3	30%	Controlled Assessment
		4	20%	Written Paper

3.3 Levels of Controls

The regulation of controlled assessment is split into three stages.

- A. Task Setting
- Externally set by WJEC with centres being able to choose and contextualise within the assessment.
- B. Task Taking
- Research – medium level of control/when appropriate this may take place outside the centre.
 - Analysis and evaluation – medium level of control, to be completed within the centre under supervision.
- C. Task Marking
- Internally marked and externally moderated.

Tasks will be reviewed every two years.

3.4 Unit Assessments

The assessment for each unit will be as follows:

UNIT 1: Catering skills related to food preparation and service (Controlled Assessment (45 hours 60%))

- (i) **TASK 1:** [20%]. **One** task to be selected from a bank of **three** tasks set by WJEC.

Internally assessed using WJEC set criteria and externally moderated.

Duration up to 15 hours.

- (ii) **TASK 2:** [40%]. **One** task to be selected from a bank of **three** tasks set by WJEC.

Internally assessed using WJEC set criteria and externally moderated.

Duration up to 30 hours to commence in the second half of the course.

UNIT 2: Catering, food and the customer (Written Paper (1 ¼ hours 40%))

An untiered paper externally set and assessed. Candidates will be required to respond to short-answer, structured and free response questions drawn from all the areas of study of the unit.

Some questions will require extended writing and will assess the quality of written communication. The paper will be presented in the form of a question and answer booklet.

This examination will be available either as an electronic assessment or as a traditional written paper.

UNIT 3: Hospitality skills related to events and functions (Controlled Assessment (45 hours 60%))

Event Based Task 60%. One event based task chosen from a list of **three** WJEC set tasks. Centres can set the task in a realistic hospitality context thus giving the candidates the opportunity to participate in the whole process.

Internally assessed using WJEC set criteria and externally moderated.

Duration up to 45 hours.

UNIT 4: Hospitality and the customer (Written Paper (1 ¼ hours 40%))

An untiered paper externally set and assessed. Candidates will be required to respond to short-answer, structured and free response questions drawn from all the areas of study of the unit.

Some questions will require extended writing and will assess the quality of written communication. The paper will be presented in the form of a question and answer booklet.

3.5 Assessment Objectives

Candidates will be required to demonstrate their ability to:

AO1

Recall, select and communicate their knowledge and understanding of a range of contexts.

AO2

Apply skills, knowledge and understanding in a variety of contexts and in planning and carrying out investigations and tasks.

AO3

Analyse and evaluate information, sources and evidence, make reasoned judgements and present conclusions.

The weighting of assessment objectives across units is as follows (Double Award in brackets):

Unit	AO1	AO2	AO3	Total
UNIT 1	5% (2.5)	40% (20)	15% (7.5)	60% (30)
UNIT 2	30% (15)	–	10% (5)	40% (20)
UNIT 3	5% (2.5)	40% (20)	15% (7.5)	60% (30)
UNIT 4	30% (15)	–	10% (5)	40% (20)
TOTAL WEIGHING	35%	40%	25%	100%

3.6 Quality of Written Communication

For units involving extended writing Catering and Hospitality candidates will be assessed on the quality of their written communication within the overall assessment of that unit.

Mark schemes for these units include the following specific criteria for the assessment of written communication:

- legibility of text; accuracy of spelling, punctuation and grammar; clarity of meaning;
- selection of a form and style of writing appropriate to purpose and to complexity of subject matter;
- organisation of information clearly and coherently; use of specialist vocabulary where appropriate.

4 AWARDING, REPORTING AND RE-SITTING

The GCSE qualification in Hospitality and Catering can be gained as a Single Award in Catering or in Hospitality or as a Double Award in Hospitality and Catering. Once aggregated for an award units are not available for cash-in towards further awards.

GCSE Single Award qualifications are reported on an eight-point scale from A* to G, where A* is the highest grade. GCSE Double Award qualifications are reported on a fifteen-point grade scale (A*A*, A*A, AA etc. – GG) where A*A* is the highest grade. The attainment of candidates who do not succeed in reaching the lowest possible standard to achieve a grade is recorded as U (unclassified) and they do not receive a certificate.

Individual unit results are reported on a uniform mark scale (UMS) with the following grade equivalences:

GRADE	MAX.	A*	A	B	C	D	E	F	G
UNIT 1	120	108	96	84	72	60	48	36	24
UNIT 2	80	72	64	56	48	40	32	24	16
QUALIFICATION									
SINGLE AWARD CATERING	200	180	160	140	120	100	80	60	40

GRADE	MAX.	A*	A	B	C	D	E	F	G
UNIT 3	120	108	96	84	72	60	48	36	24
UNIT 4	80	72	64	56	48	40	32	24	16
QUALIFICATION									
SINGLE AWARD HOSPITALITY	200	180	160	140	120	100	80	60	40

QUALIFICATION – DOUBLE AWARD Maximum Mark 400

A*A*	A*A	AA	AB	BB	BC	CC	CD	DD	DE	EE	EF	FF	FG	GG
360	340	320	300	280	260	240	220	200	180	160	140	120	100	80

This is an unclassified specification which allows for an element of staged assessment. However, a minimum of 40% of the overall assessment must be taken at the end of the course. In effect this means that at least one of the two units for a single award and two of the four units for a double award must be taken as 'terminal assessment'. Centres may determine which are used to meet this rule; all units may be taken at the end of the course if so wished.

Assessments may be re-taken once only (with the better result counting) before aggregation for the subject award. Results for a unit have a shelf-life limited only by the shelf-life of the specification.

- dishes/menu
- costing/quantities/equipment
- theme/presentation
- marketing.

(c) **Carrying out the task** (60 marks)

Candidates will apply skills and knowledge to the task.

The following should be included:

- personal presentation
- safe practices/risk assessment (including hygiene)
- practical skills
 - food and beverage preparation and production
 - food and beverage service
 - customer care

- organisational skills
 - time
 - choice and use of equipment
 - use of resources.

(d) **Evaluating the task** (25 marks)

Candidates should analyse and evaluate the task referring to the following areas:

- time management
- standard of personal presentation
- safe and hygienic practices
- skills
- costing
- customer satisfaction
- success
- improvements.

All evidence for each section should be put in a folio that should not exceed 15 pages of A4 (or equivalent). No marks are awarded for presentation.

Candidates may work in teams as this is indicative of the industry and important for candidates experience. For assessment purposes and to avoid excessive duplication within the team, each candidate must produce an uniquely identifiable piece of work.

5.2 Supervision/Authentication/Feedback Controls

Teachers are expected to supervise and guide candidates in the production of their support folios. This will involve:

- ensuring that candidates are aware of the regulations for the production of folios, e.g. the scope for planning, drafting and editing; acknowledgement of sources; presentation of work; dates for submission;
- ensuring that candidates are aware of the criteria for assessment, the levels of achievement against which work will be judged and the mark/grade scale to be used;
- advising candidates on how to approach their tasks and monitoring their progress;
- authenticating that the finally assessed portfolio is the candidate's own work and that any support given is within guidelines or informing WJEC where any malpractice is suspected.

Unit 1 assessment is completed individually whereas Unit 3 **may** be organised in teams, especially in the early stages, providing that each candidate is enabled to work to their level of ability and that each individual's work is clearly identifiable.

Research may take place outside the centre as well as within the centre. Teachers need to ensure that the research is used as the basis for further work and not the work itself.

Internal deadlines may be set for the submission of work.

Teachers may comment only on work in progress and return it for re-drafting, but comments must be framed in such a way as to enable the candidate to take the initiative in developing the work further. Teachers should log comments for redrafting.

It should be made clear to candidates that once that final folio has been submitted for assessment, no further work may take place. Regulations for subsequent resubmission following the grading of a unit will be provided.

Authentication of Controlled Assessments

Candidates are required to sign that the work submitted is their own and teachers/assessors are required to confirm that the work assessed is solely that of the candidate concerned and was conducted under the required conditions. A copy of the authentication form, which forms part of the coversheet for each candidate's work is provided in Appendix 2. It is important to note that **all** candidates are required to sign this form, and not merely those whose work forms part of the sample submitted to the moderator. Malpractice discovered prior to the candidate signing the declaration of authentication need not be reported to WJEC but must be dealt with in accordance with the centre's internal procedures.

Before any work towards the Controlled Assessment is undertaken, the attention of candidates should be drawn to the relevant JCQ Notice to Candidates. This is available on the JCQ website (www.jcq.org.uk) and included in *Instructions for Conducting Coursework/Portfolios*. More detailed guidance on the prevention of plagiarism is given in *Plagiarism in Examinations; Guidance for Teachers/Assessors* also available on the JCQ website.

5.3 Presentation of Support Folios

The following procedures must be followed.

- The folio sample sheet and the folio coversheet must be completed.
- Any sources, copied material, quotations, etc. must be acknowledged and references provided where appropriate (this may be in the form of an appendix).
- Work submitted for moderation must be accessible, e.g. contained in an envelope folder or held together by treasury tags, and not placed in a series of plastic wallets or a bulky ring binder.
- Work may be submitted through ICT (e-folios).
- If placed in an envelope folder, this must be clearly marked with centre name and number, candidate name and number.

5.4 Time Control

The total time allocated to the tasks of the controlled assessment should be 45 hours for Unit 1 and 45 hours for Unit 3. This time span is designed to give maximum flexibility for the conducting the tasks and to accommodate the needs of those candidates who need extra time due to for example learning difficulties. (This complies with the JCQ document *Access Arrangements and Special Consideration*.)

5.5 Annotation of Controlled Assessment

This should be achieved by:

- (i) summative comments on the Controlled Assessment coversheets (HC1, HC2 and HC3).
- (ii) annotation of the candidates' Controlled Assessment, i.e. in the margin or in the text. This should be brief and to the point. Attention should be drawn where candidates provide evidence of attaining a certain level of performance in relation to the assessment objectives or where there are clear errors (e.g. errors of fact, interpretation, definition and theory) and where the work is irrelevant.

Annotation is to help the moderator understand more fully how the teacher has arrived at the mark awarded to the candidate.

5.6 Internal Moderation of Controlled Assessment

Centres must ensure that careful moderation is carried out where more than one teacher is responsible for the marking of the Controlled Assessment. This is necessary to ensure uniformity of standards within a centre. This may take a number of forms: marking of common folders using exemplar material provided by WJEC or the centre's own archive material; cross-marking elements of portfolios as they are produced; re-assessment of a sample of folders from each group at the end of the course.

Where internal moderation is necessary the teacher assuming overall responsibility for this process should provide a written outline of the procedures that have been adopted for the external moderator. Evidence of internal moderation will be welcomed by the moderator. The finally agreed mark(s) must be clearly indicated.

5.7 External Moderation of Controlled Assessment

The moderation of teacher assessment will be provided by inspection of the Controlled Assessment by WJEC. Centres will be informed of the submission date for the Controlled Tasks in the published Examinations Timetable and the name of their moderator will be issued in the spring term prior to accreditation.

Instructions for the administration of internally-assessed work are given in the WJEC *Internal Assessment Manual*.

As a result of the moderation, the marks of candidates may be adjusted to bring the centre's marks into line with the national standard. If required, the moderator will ask for additional samples of work and if necessary, the work of all candidates may be called for and externally moderated regardless of entry numbers. In this case, all of the Controlled Assessments will be posted to the moderator.

In the event of concern over the awarding procedures, the normal appeals process will apply.

A report on each unit will be provided under the following headings:

Administration: the presentation of material and the provision of information for the moderator;

Assessment: the application of criteria, marking standards.

5.8 Recording of Controlled Assessment Marks

- (1) Form HC4a or HC4b or both will be used for recording marks to be sent to the moderator.
- (2) Coversheets HC1, HC2, HC3 should accompany sample.
- (3) Marks will need to be submitted via the on-line submission area of the WJEC secure website.

5.9 Submission of Controlled Assessment

The following should be submitted:

- copies of the tasks;
- general notes of guidance given to candidates;
- a list of resource materials given to candidates;
- the composite marksheet HC4;
- the Controlled Assessment in soft covered binders or folders with the coversheet (HC1, HC2 and HC3) placed at the front.

Material that candidates may have acquired in their research such as multiple copies of questionnaires and pre-printed material from businesses should not be submitted.

5.10 Return of Controlled Assessment

Work will be returned to centres by the moderator when the moderation process is complete. A sample of work will be sent to the Chief Moderator and may be retained for use at Awarding or CPD or as exemplar material.

5.11 Retention of Controlled Assessment

Centres need to retain the Controlled Assessments until the end of November following the Summer Examination.

6

GRADE DESCRIPTIONS

Grade descriptions are provided to give a general indication of the standards of achievement likely to have been shown by candidates awarded particular grades. The descriptions must be interpreted in relation to the content specified by the specification; they are not designed to define that content. The grade awarded will depend in practice upon the extent to which the candidate has met the assessment objectives overall. Shortcomings in some aspects of candidates' performance in the assessment may be balanced by better performances in others.

Grade A

Candidates recall, select and communicate detailed knowledge and thorough understanding of hospitality and/or catering.

They apply relevant knowledge, understanding and skills in a range of situations to plan and carry out investigations and tasks, working safely and with a high degree of precision.

They analyse and evaluate the evidence available, reviewing and adapting their methods when necessary. They present information clearly and accurately, making reasoned judgements and presenting substantiated conclusions.

Grade C

Candidates recall, select and communicate sound knowledge and understanding of aspects of hospitality and/or catering.

They apply suitable knowledge, understanding and skills in a range of situations to plan and carry out investigations and tasks, working safely and with precision.

They review the evidence available, analysing and evaluating some of the information clearly, and with some accuracy. They make judgements and draw appropriate conclusions.

Grade F

Candidates recall, select and communicate knowledge and understanding of basic aspects of hospitality and/or catering.

They apply basic knowledge, understanding and skills to plan and carry out simple investigations and tasks, with an awareness of the need for safety and precision. They modify their approach in the light of progress.

They review their evidence and draw basic conclusions.

THE WIDER CURRICULUM

Key Skills

Key Skills are integral to the study of GCSE Hospitality and Catering and may be assessed through the course content and the related scheme of assessment as defined in the specification. The following key skills can be developed through this specification at levels 1 and 2:

- Communication
- Problem Solving
- Information and Communication Technology
- Working with Others
- Improving Own Learning and Performance

Mapping of opportunities for the development of these skills against Key Skills evidence requirement is provided in 'Exemplification of Key Skills for Hospitality and Catering', available on WJEC website.

Opportunities for Use of Technology

Candidates are expected to make effective use of ICT in ways that are appropriate to the needs of the subject. Opportunities will arise in the coursework where they will be expected to find, select and synthesise information from a variety of primary and secondary sources. Opportunities will also arise during normal classroom activities, e.g.

- use database programs to interrogate pre-recorded information, such as dietary information/maintenance of stock levels/stock control;
- use word processing and graphic packages to produce orders, menus, etc.;
- HACCP software;
- use CD roms produced by relevant organisations such as BNF, Food Standards Agency;
- Internet/relevant web sites.

This work will generate evidence for assessing the ICT key skill.

Spiritual, Moral, Ethical, Social, Legislative, Economic and Cultural Issues

This specification provides a framework and includes specific content through which individual courses may address spiritual, moral, ethical, social, legislative, economic cultural and other issues.

The specification provides opportunities for candidates to make judgements and decisions and will contribute substantially to their understanding of these issues.

Sustainable Development, Health and Safety Considerations and European Developments consistent with international agreement

Sustainable Development

Candidates need to be aware of, and sensitive to, environmental issues within the hospitality and catering industry.

These opportunities will occur in the specification through the study of the following:

- disposal of refuse;
- current legislation related to Environmental Health;
- hygienic working practices;
- correct storage and use of cleaning materials;
- packaging – biodegradable and recycled materials.

The role of management and the social implication of industry in relation to:

- the reduction of waste;
- the reduction and saving of fuel;
- recycling;
- reusing.

Health and Safety Considerations

Health and Safety underpin all aspects of the specification and are expected to be an integral part of all teaching. Candidates will be expected to consider these factors when carrying out their tasks and should relate to the following areas of the specification:

- Health and Safety at Work Act.
- Accident prevention.
- Food Safety Act.
- Food Hygiene Regulations.
- Food poisoning – principles and prevention, personal hygiene and hygienic working methods; care and use of equipment.

European Developments

This specification, where appropriate (for example Trade Descriptions Act; labelling to EC standards and codes; food additives and preservatives – candidates assess, discuss and apply this knowledge in the preparation of foods for specific client groups) supports environmental education, the European dimension and health education, consistent with current EC agreements. The approach conforms with the aspirations expressed in the 1998 Resolutions of the European Community and the Ministers of Education meeting within the Council, concerning the European dimension in education and environmental education, particularly those intended at the level of member states.

APPENDIX 1

- Unit 1 Catering skills related to food preparation and service: Task 1
Task 2
- Unit 3 Hospitality skills related to event and functions Assessment : Event Based Task

Unit 1 Assessment Procedure

The mark for each task (task 1 and task 2) will be based on a judgement about which of four levels of achievement – each describing the work of a typical candidate working at notional grades G/F, E/D, C/B, A/A* – best fits the work (see assessment grids).

N.B. It is important to underline that the mark/grade relationship is notional and that the awarding process will determine actual grade boundaries.

Candidates' work will not always fit these descriptions, i.e. even within one task there may be a mixed profile of skills and understanding; where higher level skills are shown but the candidate has not entirely met some lower level criteria consideration should be given as to whether the higher mark band is warranted. In particular, it must be remembered that full marks are not reserved for a theoretical 'model' folder, and must be awarded for work which is the best one could expect from candidates working at this level.

Having established the appropriate level of achievement, a specific mark must be allocated. In doing this, the following aspects should be considered:

- Has the candidate just met the criteria for a level of achievement (in which case they should be awarded a mark at the bottom of that band) or have they met the criteria comfortably (in which case they should be awarded a mark towards the top of the band)?
- Is achievement consistent or variable? For example, work which shows occasional evidence of analytical skills, taking it into the C/B band rather than E/D, will be less highly rewarded within that band than work in which these skills are more consistently evident. At the same time, it is important to note that volume of evidence *per se* should not unduly influence assessment.
- Are there any particular challenges presented by the specific task undertaken (e.g. in terms of materials/context or approach) which should be taken into account (i.e. inherent demands in the task even if differentiation is expected to be largely by outcome)?

UNIT 1 CATERING SKILLS**Task 1 – Criteria for assessment****(a) Planning the task (10)**

Candidates will be expected to:	AO1 AO2
<ul style="list-style-type: none"> • select suitable dishes • justify reasons for choice – include costing and nutritional value • plan the task 	

Levels of Achievement	Marks
A1 The candidate will show a limited understanding of the task. A poor choice of dishes with no reasons given and no reference to cost or nutritional value. Little or no reference to planning of the task. Writing largely conveys meaning although errors and poor expression hamper communication. Little or no use of specialist terminology.	0 – 2
A2 The candidate will show a basic understanding of the task. A restricted choice of dishes with some reasons given and general comments on cost and nutritional value. Order of work is sequential. Writing shows some evidence of structure; expression is adequate to convey meaning although errors are apparent. Little use of specialist terminology.	3 – 5
A3 The candidate will show an understanding of the task. Suitable dishes chosen with reasons given and realistic reference made to cost and nutritional value. Order of work is clear and realistic. Writing is structured to communicate meaning clearly, shows awareness of audience and contains relatively few errors. There is good use of specialist terminology.	6 – 8
A4 The candidate will show a good understanding of the task. A good choice of dishes chosen with valid reasons given and accurate analysis of cost and nutritional value. A detailed and logical order of work. Writing is well structured and fit for purpose, clearly expressed and largely error-free. Very good use of terminology.	9 – 10

(b)	Carrying out the task	(20)

Levels of Achievement	Marks
B1 Difficulty in handling equipment and tools. Can execute simple skills/processes with limited success with basic application of hygiene and safety practices. Has carried out the work with limited organisational skills and will have required frequent assistance. Outcomes lack quality finish.	0 – 4
B2 Some equipment and tools handled appropriately and with reasonable control. Can execute a range of skills/processes showing a degree of manipulation and co-ordination. Some consideration of hygiene and safety controls is evident. Has carried out the work with occasional assistance. Has displayed some ability to complete tasks within the allotted time. Outcomes are presented in an acceptable manner with some attention paid to the quality of the finish.	5 – 10
B3 Evidence that most equipment and tools chosen are appropriate to the tasks with competent manipulation and co-ordination displayed. Can execute a wide range of appropriate skills/processes competently and can work in a hygienic and safe manner. Is able to organise in a logical way and complete the majority of tasks within the allotted time. Can carry out the planned work independently. Has demonstrated a high level of quality and accuracy of finish in final outcomes that are presented attractively.	11 – 15
B4 Evidence that chosen equipment and tools are appropriate to each task with excellent manipulation and co-ordination displayed. Can execute an extensive range of appropriate skills/processes displaying fine manual dexterity. Can work consistently in a hygienic and safe manner. Is able to execute the planned work efficiently and independently in a logical sequence. All tasks are completed within the allotted time. Has demonstrated well executed and successful techniques supported by sophisticated display skills to produce aesthetically pleasing outcomes of excellent finish and high quality.	16 – 20
