

Guide to results Extended Project

June 2018

Final version 1

This document provides an overview of results for the **Extended Project**. It gives details on what to expect on results days, the documentation you'll receive, information on grade boundaries and where additional advice and guidance can be found.

1. Results Day

i) Collecting Exam Results

Candidates must collect their results from their school or college, usually on the published results day for the qualifications they have sat.

For June 2018 results will be published on **Thursday 16 August 2018**.

WJEC is unable to provide or discuss results over the telephone or via email communication with candidates or parents, even if the school or college is closed. Candidates should, therefore, check with their school or college when and where results will be available for collection and how and with whom they can discuss any issues or concerns.

(ii) What to expect

On results day, candidates will receive a results slip showing their results. At this point results are designated as provisional; changes may be made at a later point, for example, following a Review of Moderation. See section 4 as well as our [Post-Results Services](#) page.

iii) How are results displayed on a results slip?

Results slips will show candidate results for each component/qualification taken (See Appendix 1).

The result slip will display the raw mark achieved and the maximum mark available for the Extended Project.

The grade will be reported as A* - E. Results not attaining the minimum standard for the unit (Grade E) will be reported as U (unclassified) and will not receive a qualification certificate.

2. Understanding your results

i) Explaining grades

The total aggregated mark is translated into a grade at Awarding. They are dependent on the extent to which the learner has met the assessment objectives overall.

ii) Explaining marks

- **Raw marks**

Each unit or component is allocated a total raw mark.

3. Grade Boundaries

Grade boundaries are the minimum number of marks needed to achieve each grade. Grade boundaries ensure that whenever a component is taken within an examination series, candidates receive the same grade for the same level of performance.

4. What to do if a candidate wants to query a result

It is important that candidates discuss any concerns with their school or college, usually an exams officer or teacher, and decide on the best options available.

If it is considered that there may have been an error, an application can be made by the centre for a post-results service offered by WJEC. Applications cannot be submitted by internal candidates or parents. The service available for the Extended Project is:

- [Post-results review of moderation](#) – please note this is not available for individual candidates.

For further details, please visit our [Post-Results Services](#) page and the information published by JCQ on [Post-Results Services](#) procedures.

5. When are certificates available?

Certificates for summer 2018 will be sent to centres by 7 November.

Candidates should check that their personal details, name and date of birth, are correct on the results slip and inform the Exams Officer if there are any errors. If errors aren't corrected at this stage, there will be a charge for replacing certificates after they have been issued. Candidates should check the arrangements for receiving their certificate with their school or college.
