

INTERNAL ASSESSMENT

A Guide for Centres

January and June 2019 Series

Applied Certificates and Diplomas

Certificate in Latin

Eduqas GCE (AS and A Level)

Eduqas GCSE (9-1)

Entry Level

Entry Pathways

Extended Project

Foundation Diploma in Art and Design (FAD)

Vocational Awards and Certificates

This booklet contains information on the moderation of internally-assessed work and the submission of marks. These instructions relate to those subjects in which the work is sent to the moderator or WJEC or uploaded electronically.

Further instructions for subjects where the work is assessed by a visiting moderator can be found on the individual subject pages on our website.

Please note that internal assessment marks for the qualifications above are collected via our online internal assessment mark input system (IAMIS) on the secure website, which requires a secure website log-in, available from the centre's Exams Officer.

Introduction

The purpose of this guide is to provide advice and guidance on internal assessments which are marked by centres and externally moderated or monitored by WJEC. The aim is to provide information to support centre staff and ensure the integrity and security of the assessment process. The guide covers:

- key dates
- marking and internal standardisation
- authentication of work
- internal appeals
- submission of marks and identification of samples
- presentation and despatch of work for moderation
- moderation, feedback and return of work to centres
- re-sits and the carry forward of marks
- malpractice
- information on individual subjects
- consortium arrangements
- Head of Centre Declaration Forms.

The manual **must** be read in conjunction with the relevant document:

- [WJEC Instructions for conducting controlled assessments \(Vocational qualifications\) \(https://www.wjec.co.uk/exam-officers/related-documents.html?category=examOfficers\)](https://www.wjec.co.uk/exam-officers/related-documents.html?category=examOfficers)
- JCQ Instructions for conducting coursework (GCE legacy qualifications, Entry Level and Extended Project) (<https://www.jcq.org.uk/exams-office/coursework/instructions-for-conducting-coursework-2018-2019>)
- JCQ Instructions for conducting non-examination assessments (GCE and GCSE reformed qualifications) (<https://www.jcq.org.uk/exams-office/non-examination-assessments/instructions-for-conducting-non-examination-assessments->).

In addition to the general requirements documented in the instructions above, teachers **must** follow the subject instructions in the relevant specification.

JCQ (General Regulations for Approved Centres) requires all centres to have a written policy for GCE/GCSE non-examination assessments together with a written internal appeals procedure. The JCQ Centre Inspector may check that these documents are available during their visit.

The Head of Centre **must** ensure that candidates' work is available for despatch for moderation, including additional samples, within the required timescale.

SECTION 1: GENERAL INFORMATION

1.1 KEY DATES

There are a number of internal processes for centres to be complete prior to submitting marks to WJEC by the required deadline including:

- marking and internal standardisation
- ensuring candidates and teachers have signed the authentication declaration.
- ensuring that there is sufficient time to undertake and complete any internal appeals
- ensuring that individuals submitting marks have log-in permissions for the WJEC secure website (secondary account holders). Please ensure that you set up secondary account holders for the new specifications with internal assessment.

Further guidance is available in the JCQ *Notice to Centres*, available [here](#)

The deadlines for work to be received by the moderator or uploaded to Surpass are:

Qualification	Subject	Deadline
GCSE	Drama Component 1	24 March
	Computer Science Component 3	31 March
	All Remaining subjects	5 May
GCE	Geography Component 4	29 March
	All remaining subjects	15 May
Entry Level	All Subjects	5 May
Entry Pathways	All Subjects	4 May
Language Pathways	All Subjects	5 May
Certificate in Latin		5 May
Vocational Awards and Certificates	All subjects	5 May
Applied Certificates and Diplomas	All subjects	15 May
Extended Project		15 May

Centres are reminded that the date set internally for completion of work by candidates, though flexible from WJEC's perspective, must precede the published submission date for moderation by a sufficient margin to facilitate authentication, accurate marking, internal moderation and submission of marks online. There should also be sufficient time for your centre to undertake and complete any internal appeals submitted by candidates.

We recommend that marks are submitted on IAMIS a minimum of 1 week prior to the date for despatching/uploading the sample.

1.2 MARKING AND INTERNAL STANDARDISATION

Centres should use reference and archive materials (such as exemplar material provided by WJEC or, where available, work in the centre from the previous year) to help set the standard of marking within the centre.

Prior to marking, it is useful to undertake a trial marking exercise. Teachers mark the same relatively small sample of work to allow for the comparison of marking standards. The exercise can take place at appropriate stages during the course and has three beneficial effects: it helps to bring about greater comparability in the marking standards; it may identify at an early stage any teachers whose standards are out of line with that of their colleagues; it alleviates a heavy marking load at the end of the course.

Where the work for a component/unit has been marked by more than one teacher in a centre, standardisation of marking should normally be carried out according to one of the following procedures:

Either, a sample of work which has been marked by each teacher is re-marked by the teacher who is in charge of internal standardisation,

Or, all the teachers responsible for marking a component/unit exchange some marked work (preferably at a meeting led by the teacher in charge of internal standardisation) and compare their marking standards.

Where standards are found to be inconsistent, the discrepant teacher(s) should make adjustments to their marks or re-consider the marks of all candidates for whom they were responsible. The new marks should be checked by the teacher in charge of internal standardisation.

If centres encounter any difficulties either in the application of mark schemes or in the process of internal standardisation, advice may be sought from the relevant subject specialist at the WJEC.

1.3 QUALITY OF WRITTEN COMMUNICATION

In most subjects the marking of 'Quality of Written Communication' is incorporated within the overall assessment of components/units.

It is vitally important that instructions are adhered to and mark sheets are completed correctly so that candidates' marks are awarded out of the correct total for all components/units.

1.4 ANNOTATION OF WORK

The following general principles for the annotation of work should be related to any subject-specific requirements.

- (a) One of the following three approaches should be adopted:
 - (i) summative comments either on the work, usually at the end, or on a 'cover sheet';
 - (ii) key pieces of evidence flagged throughout the work by annotation either in the margin or in the text;
 - (iii) a combination of (i) and (ii).
- (b) Indications as to how marks have been awarded should:
 - (i) be clear and unambiguous;
 - (ii) be appropriate to the nature and form of the work;
 - (iii) facilitate the standardisation of marking within a centre;
 - (iv) enable the moderator to check easily the application of the assessment criteria to the marking.
- (c) Annotation, where deemed appropriate, should:
 - (i) indicate where the assessment criteria have been met, e.g. by writing key phrases from the criteria (such as 'awareness of values', 'selects information', 'uses a variety of techniques') at the appropriate point in the work;
 - (ii) indicate any planning and processing not undertaken individually and provide details of any assistance or prompting given to the candidate.

1.5 AUTHENTICATION

Teachers **must** be sufficiently familiar with the candidate's general standard to judge whether the piece of work submitted is within his/her capabilities.

Candidates must be made aware that they are responsible for ensuring that the work submitted for assessment is their own. The documents JCQ *Information for Candidates – Coursework 2018 – 2019* (<https://www.jcq.org.uk/exams-office/information-for-candidates-documents/infor>) and JCQ *Information for Candidates – Non-Examination Assessment 2018 – 2019* (<https://www.jcq.org.uk/exams-office/information-for-candidates-documents/information-for-candidates---non-examination-assessments>), available on the JCQ website (www.jcq.org.uk), provide instructions and guidance.

For all Eduqas subjects with a written internal assessment component/unit, an authentication statement is included as part of the mark/cover sheet for individual candidates' folders. These are available for downloading from the relevant subject page on the Eduqas website - www.eduqas.co.uk. On the Eduqas home page, under the heading "Qualifications," click on the relevant subject and select the level of examination, and click "All Subject Materials". In most cases, there is a quick link to the mark sheets on the subject page. Open the document and save/print as required.

All candidates (not merely those included in the moderation sample) must sign the authentication statement. Failure to do this could constitute maladministration/malpractice.

Teachers must sign the declaration of authentication after the work has been completed by the candidate confirming that:

- the work is solely that of the candidate concerned
- the work was completed under the required conditions
- signed candidate declarations are kept on file.

If a teacher is unable to confirm that the work presented by a candidate is his/her own and has been completed under the required conditions:

- do not accept the candidate's work for assessment
- record a mark of zero for internally assessed work.

Signed candidate declarations **must** be kept on file until the deadline for a review of moderation has passed or until any appeal, malpractice or other results enquiry has been completed, whichever is later. They may be subject to inspection by a JCQ Centre Inspector.

Electronic signatures are acceptable. Typed names will be taken as being as binding as a hand-written signature.

1.6 INTERNAL APPEALS

When planning the timetable for non-examination assessments, sufficient time must be allocated to enable internal appeals relating to the centre's assessment decisions to be completed prior to the submission deadline. WJEC requires centres to have a written internal appeals procedure and to ensure that details of this procedure are made widely available and accessible to all candidates.

Candidates must be informed of their centre assessed marks. Information is available in the JCQ notice [here](#).

We suggest that candidates are advised that their marks may change as a result of external moderation.

1.7 SUBMISSION OF MARKS AND IDENTIFICATION OF SAMPLES

WJEC has developed the Internal Assessment Mark Input System (IAMIS) for centres to submit marks. The sample is automatically generated once marks have been submitted. Section 2 of the guide provides detailed information of the process.

1.8 SUBMISSION OF WORK

Some internally assessed components/units require candidates' work to be uploaded electronically, whilst other components/units require candidates' work to be despatched to the moderator by post. Full details are available in sections 2.9 & 2.10.

1.9 MODERATION AND FEEDBACK

The moderator will re-assess the sample work using the published marking criteria in the specification. The moderator marks are compared with the centre marks for the sample work. If any of the differences between the moderator marks and the centre marks exceeds a specified tolerance, adjustments are normally applied to the centre's marks.

If further evidence of the centre's marking is required, the moderator may request some or all of the remaining work. If there is a significant disagreement between the centre's rank order and the moderator's rank order, the moderator's marks may be implemented for all candidates at the centre.

The final, moderated marks are sent to centres with the results (expressed as either raw marks or UMS marks).

Moderators' reports will provide feedback on:

- (i) the efficiency of the centre's administration
- (ii) the appropriateness of the tasks (where set by the centre rather than the awarding body) and the coverage of the assessment objectives
- (iii) the accuracy of the centre's assessments against the criteria and in relation to the agreed standard for the component/unit
- (iv) whether the centre's marks have been adjusted.

Comments on the accuracy of a centre's assessments may be made even if no adjustment is applied. For example, if the difference between the moderator marks and the centre marks is only just within the specified tolerance, the moderator will normally provide advice on the standard of marking.

Moderators' reports will be available on the secure website. They will become available to view and download according to the following time scale:

June examination series: reports available from results day until Christmas.

November examination series: reports available from results day until end of February.

January examination series: reports available from results day until end of May.

1.10 RETURN OF WORK TO CENTRES

Moderators will return work directly to centres as soon as possible after moderation.

WJEC will handle with care material submitted for moderation but cannot accept responsibility for loss or damage. Samples may be retained by WJEC for use as exemplar or archive material (centres will receive notification if this is the case). Centres are required to retain candidates' marked work under secure conditions, so far as is practicable, until the deadline for reviews of moderation has passed, or until an appeal or malpractice investigation has been completed whichever is the later. Where retention is a problem, because of the nature of the work, some form of evidence (e.g. photographic, audio-taped or video-taped) must be available. Centres are requested to keep a record of the examination numbers and names of those candidates whose work is included in the sample sent to or seen by moderators. This information may be required if there are enquiries upon results at a later date.

N.B. Candidates should be advised not to include any items of real or sentimental value e.g. photographs, certificates, etc.

1.11 'CARRY-FORWARD' OF COMPONENT/UNIT MARKS FOR LINEAR SUBJECTS

For the lifetime of a specification, candidates can re-use ("carry forward") marks in controlled assessments, coursework and non-examination assessments from a previous exam series in which the candidate certificated.

Candidates are not permitted, in any circumstances, to carry forward marks between legacy specifications and reformed specifications.

If a candidate chooses to re-sit the assessment, it is the new result (not the original result, even if higher) that will count towards the qualification grade.

Where a candidate has certified on two or more previous occasions, the most recent NEA mark is carried forward, regardless of whether that mark is higher or lower (unless that mark is Absent).

If candidates wish to re-use (“carry-forward”) marks towards a new overall qualification please indicate this by inputting C or CF on the internal assessment mark input system. Do **not** under any circumstances enter the mark to be carried forward.

GCSE English Language (Eduqas) Spoken Language and GCE Science Practical Skills endorsement grades can be carried forward, including between awarding bodies as long as the UCI remains the same.

In these cases the carried forward results are endorsed grades, not marks.

Please refer to our [Guide to Resit Rules](#) if a candidate wishes to re-sit rather than carry forward/re-use an internally assessed component or unit mark.

1.12 MALPRACTICE

Where any malpractice is discovered prior to the signing of the authentication statement, this need not be reported to WJEC, but should be dealt with in accordance with the centre’s internal procedures.

If malpractice is suspected or found after the authentication statement has been signed, the centre must report the malpractice using the relevant JCQ Malpractice form, M1 in the case of suspected candidate malpractice or M2 a/b in the case of suspected centre/centre staff malpractice. Further guidance on reporting malpractice is available in the WJEC document, *Malpractice – A guide for centres* available on the WJEC website (www.wjec.co.uk) and the JCQ document *Suspected Malpractice in Examinations and Assessments 2018 - 2019* (<https://www.jcq.org.uk/exams-office/malpractice/suspected-malpractice-in-examinations-and-assessments-2018-19>) available on the JCQ website (www.jcq.org.uk).

The completed form should be e-mailed to malpractice@wjec.co.uk.

There are a number of clues that point to the possibility of plagiarism, and teachers should remain alert to these. Further guidance on the detection of plagiarism may be found in the JCQ document [Plagiarism in Assessments](#) available on the JCQ website. WJEC uses software to identify potential plagiarism in candidates' work.

Centre staff must familiarise themselves with the relevant WJEC *Instructions for controlled assessment*, JCQ *Instructions for Coursework* and JCQ *Instructions for conducting non-examination assessments* together with the subject specification requirements. Knowledge of the requirements will assist a centre and teachers in maintaining the integrity and security of the assessment process. Centres and centre staff who do not comply with the requirements will be investigated under the JCQ Suspected Malpractice procedure.

All candidates and their teacher must sign the declaration of authentication. The forms are required when WJEC receives allegations of suspected malpractice, notably that the work was completed or changed after the sample for moderation was generated.

1.13 UNSATISFACTORY PRACTICE BY CENTRES

Further guidance will be provided to the Head of Centre where individual teachers or centres fail to meet WJEC requirements for internally-assessed work. Where significant problems are identified, WJEC may require approval of subsequent tasks/mark schemes and monitoring of the centre's arrangements for marking and standardisation.

The following guidelines will be used as a means of determining whether there are matters which need to be taken up with centres.

- (a) Are tasks set within the requirements of the specification?
- (b) Are the marking schemes/assessment criteria devised by centres clear, unambiguous and capable of consistent application? Have they been applied appropriately?
- (c) Have WJEC's administrative and procedural instructions been followed?
- (d) Has the internally-assessed work been properly annotated?
- (e) Has the internally-assessed work been properly authenticated, especially in those cases where some activities may have taken place outside school?
- (f) If details are provided of any assistance given to particular candidates which is beyond that given to the group as a whole is the nature of such assistance within the parameters laid down by the specification?
- (g) Is standardisation within the centre effective and within WJEC requirements?

1.14 CENTRE STAFF CONFLICT OF INTEREST

Centre staff must complete a declaration of interest form in the following circumstance:

- (i) if they have marked or been involved in the internal standardisation of the work of their own child. The work **must** also be submitted for moderation even if it is not identified in the sample.
- (ii) if they have access to the content of confidential non-examination materials which could benefit their child in their own or another centre e.g. assessments taken over a period of time, or assessment materials which are allowed to be opened for checking such as DVDs prior to the assessment date.

A copy of the form is available [here](#) and should be sent to exams@wjec.co.uk

SECTION 2: SUBMISSION OF MARKS AND IDENTIFICATION OF SAMPLES

Summary

The first step in preparing to input marks is to request a secure website log-in as a secondary account holder from your Exams Officer.

Please check that you have relevant access, as new specifications have new codes (see 2.1).

Your candidates' names/numbers are pre-populated on the system. You can submit marks as soon as the submission window opens (see 2.2).

Marks/grades **must** be input and submitted by the deadline. (see appendices)

Once the marks have been submitted, a sample of candidates will be identified automatically by the system (see Section 4 for separate instructions concerning consortium arrangements). See separate instructions for GCSE English Language (Eduqas).

2.1 ALLOCATING SUBJECTS TO SECURE WEBSITE SECONDARY ACCOUNT HOLDERS

For the internal assessment mark input system (IAMIS), primary account holders (usually the exams officer) can allocate specific subjects to secondary account holders (e.g. teachers) who will be entering internal assessment marks and processing samples. To do this, primary account holders should log onto the secure website, click the 'Account Admin' button and amend settings using the drop-down menus shown.

2.2 INPUTTING MARKS

IAMIS will be available to the designated account holders from **10 March** (GCSE, Certificate in Latin, Vocational Awards and Certificates), **12 March** (Entry Level, Entry Pathways), **10 April** (GCE, Applied Certificates and Diplomas, Extended Project, FAD), once the entries have been received and processed by WJEC.

2.3 ENTERING AND SUBMITTING INTERNAL ASSESSMENT MARKS

Once entries have been submitted and processed by WJEC, you will need to log on to the **WJEC secure website** and click the 'Internal Assessment' tab followed by the 'Internal Assessment Marks/Outcomes' tab. A web page will be available for each internal assessment component/unit for which the centre has entries, and this will be pre-populated with candidate names and numbers. You will need to insert the marks/grades/outcomes (as relevant) for **all** candidates in the spaces provided.

For **certain subjects**, you will also need to input details (i.e. initials) of each candidate's teaching group.

Once **all** candidates' marks have been input, the marks can be submitted. Once marks have been submitted, the system will immediately identify the candidates whose work has been automatically selected for moderation.

Once marks have been **submitted** they cannot be changed online (see 2.12).

2.4 SUBMITTING INTERNAL ASSESSMENT MARKS (VIA EDI)

Centres may submit internal assessment marks via EDI (electronic data interchange) Further information about EDI submission is available via the helpline on 029 20 265169.

Where internal assessment marks are submitted by EDI time must be allowed for the EDI files to be processed (up to 72 hours). Once files have been processed the web page will be pre-populated with the marks which have been submitted.

You will then need to log on to the **WJEC secure website** (www.wjecservices.co.uk) and click the 'internal assessment' tab in order to input details (i.e. initials) of each candidate's teaching group (for certain subjects) and to **submit the marks**. Once marks have been submitted you will be able to identify the candidates whose work has been automatically selected for moderation.

2.5 IDENTIFICATION OF THE SAMPLE CANDIDATES

The system will automatically identify the sample candidates whose work is to be despatched/uploaded. This sample selection will be based upon the formula published in Section 4.

For most subjects the automatic sample will be based on the overall rank order for the total entry.

Work completed with the aid of a scribe **must** also be sent to the moderator in addition to the sample requested. A cover sheet signed by the scribe and countersigned by the head of centre or the examinations officer **must** also be attached to any such work.

If a teacher has marked or been involved in the internal standardisation of their child's work, this work must also be sent/uploaded for moderation (see 1.14).

WJEC may request further samples of work to be submitted if this is considered necessary.

NB: For a limited number of subjects (below) IAMIS will be used only to upload marks and will **not** identify the sample:

GCE: PE (New) Component 2 - The sample will have been selected when marksheets have been submitted in early March.

GCSE: English Language Component 3.

2.6 AMENDMENTS TO THE CHOSEN SAMPLE

IAMIS will not allow you to "remove" candidates from the chosen sample. However, IAMIS will allow you to add "additional" candidates using the tick boxes.

If the sample contains a candidate whose work is incomplete then you should indicate on the system the nearest candidate (either higher or lower) with complete work. **The incomplete work should not be sent to the moderator.**

An explanatory note to the moderator must accompany the folders in such cases where the sample sent by the centre differs from the sample chosen by IAMIS.

2.7 MARK SHEETS

Individual candidate mark sheets (cover sheets), which should accompany each candidate's folder/project submitted for moderation, must also include a candidate

declaration of authentication. Cover sheets must be downloaded from the relevant subject page on the Eduqas website www.eduqas.co.uk. The documents can be found under 'All Course Materials'.

2.8 PRESENTATION OF FOLDERS

Specific instructions for the presentation of work may be given in the guidelines for individual subjects. Unless otherwise stated, the following points should be noted:

- (i) Each candidate's work should be submitted in an A4 folder/ file, which itself is clearly marked with **specification title, centre name and number, candidate name and examination number**.
- (ii) Ring binders (bulky to post) and plastic wallets (difficult to gain access to work) should **not** be used.
- (iii) Where work consists of a number of assignments these should be placed in the folder in the same order as on the cover sheet.
- (iv) The use of word processors in the production of the work is permitted, unless restrictions are imposed by specification requirements.

2.9 SUBMISSION OF WORK (VIA POST)

The name and address of the moderator (where relevant) will be shown on screen from approximately **10 March** (GCSE English and Drama), **10 April** (GCE, Applied Certificates and Diplomas, Extended Project, FAD), **20 April** (all remaining GCSE subjects, Certificate in Latin, Entry Level, Entry Pathways, Vocational Awards and Certificates). The moderator details can be printed onto blank labels and the internally-assessed work and cover sheets for the candidates in the sample should then be despatched to the moderator.

2.10 SUBMITTING INTERNAL ASSESSMENT SAMPLES (VIA E-SUBMISSION)

For further guidance on e-submissions, including subjects to be uploaded, file types accepted and maximum upload sizes, please follow the link: http://web.download.wjec.co.uk.s3-eu-west-1.amazonaws.com/surpass/E-submissions_subject_guide_english.pdf

2.11 LATE ENTRY CANDIDATES

Marks for late entry candidates can be input on IAMIS, **provided the candidate entry has already been submitted to and processed by WJEC**.

To input a mark for any candidate who is not listed on IAMIS, the exams officer should submit the required entry as soon as possible.

Once this information has been sent to WJEC, by the exams officer, allow 72 hours before trying to input the mark.

WJEC monitors centres where candidates are added after the sample has been generated. In certain circumstances, the Head of Centre may be contacted and asked to provide additional information.

2.12 AMENDING MARKS AFTER SUBMISSION

Once marks have been submitted via IAMIS they cannot be amended. If teachers notice that an incorrect mark has been submitted the Head of Department must send a written request for the mark to be amended, clearly outlining the reason for the error. This request can be made by email to the relevant contact below.

WJEC monitors centres requesting amendments to candidates' marks. In certain circumstances, the Head of Centre may be contacted and asked to provide additional information.

2.13 AMENDING MARKS AFTER ISSUING OF RESULTS

If a teacher notices that an incorrect mark has been submitted after the issuing of results, the Head of Centre must send a written request to the relevant section below for the mark to be amended, clearly outlining the circumstances. The actual work (or copy) together with a completed, signed, dated internal mark sheet must accompany this written request. This information will be referred to the subject officer. After consideration of the evidence, the mark may be altered or the request may be refused. All requests to alter centre submitted marks for internally assessed components/units must be received by:

20 September (June exam series)

14 February (November exam series)

4 April (January exam series)

2.14 RETENTION OF WORK

Candidates' work **must** be kept securely until the deadline for a review of moderation has passed or until a review of moderation or appeal or malpractice investigation has been completed whichever is the later.

2.15 CONSORTIUM ARRANGEMENTS (See Section 4: Guidance for Consortium Arrangements)

SECTION 3: NOTES FOR INDIVIDUAL SUBJECTS

For details of requirements for the content and presentation of work, please refer to subject specifications. If a subject is not mentioned below, the general instructions apply and marks/outcomes should be input on IAMIS and samples of work despatched to the moderator.

GCSE

WJEC has the facility for electronic submissions of candidates' work via our Surpass platform. Candidates' work for the WJEC qualification components listed below must be submitted electronically in 2019. Further details are available in the 'E-submission Process – Subject Guide' available [here](#).

GCSE Computer Science C500QS Component 3
GCSE Drama C690QS Component 1
GCSE Film Studies C670QS Component 3
GCSE Media Studies C680QS Component 3
GCSE Music C660QS Components 1 and 2

JUNE 2019 SERIES

ART & DESIGN (COMPONENT 1 & 2) – Visiting Moderator

Centres must submit marks on IAMIS by 31st May. The moderation will take place 3rd – 28th June. The date(s) for moderation will be confirmed by the end of March.

COMPUTER SCIENCE (COMPONENT 3)

This programming project will not count towards the final qualification grade. Additionally, the requirement for teachers to assess each learner's work and to submit marks to WJEC is lifted.

The programming project remains an important part of the course and contributes to student learning and progress, so all centres must continue to give students 20 hours within timetabled hours to complete the task set.

As marks are not to be collected for this component, centres must indicate, via the secure website, using the following indicators:

- Y - candidate finished task in the 20 hours.
- N - candidate completed some work in the 20 hours provided.
- A - candidate was not present and did not complete any work.

Once the indicators have been input and submitted, the electronic system will apply and identify the sample candidates whose work is selected for checking.

The purpose of this check is to ensure:

- that each candidate has had the opportunity to undertake the programming project and has had 20 hours set aside in the timetable to allow them to undertake the project, and
- that their written accounts of their programming project represent their individual work, cover each part of the project and reference any resources used or support given.

The work and relevant documentation must reach the moderator by **31 March**.

DESIGN & TECHNOLOGY (COMPONENT 2) – Visiting Moderator

Centres must submit marks on IAMIS by 12th May. The moderation will take place between 13th – 17th May. The times and dates of the visit will be e-mailed to the exams officer.

GCSE ENGLISH LANGUAGE – SPOKEN LANGUAGE (COMPONENT 3)

For GCSE English Language (9-1), Component 3 Spoken Language, grades must be entered on IAMIS by 5th May.

For further information on teacher groups please see circular no. 16 (September 2018).

For each candidate, centres will enter either P (Pass), M (Merit), D (Distinction) or N (not classified). Centres must ensure that, if they wish to apply for exemption for any candidates this has been applied for via the [JCQ exemption form](#). These candidates should be input as N.

IAMIS will be available to the designated account holders from 10th March. Please note that centres select their own sample for Component 3 using the formula in the table below.

Sample Sizes

No of cand at centre	No. of cand whose presentations must be recorded	Minimum no. of cand at each grade (D, M, P) +
30 or fewer	All cand	10++
Over 30	30	10+++

The sample should be representative of the teaching groups within the centre.

+ All candidates at a grade if the centre has fewer than the stated minimum. Candidates assessed as 'N' (Not Classified) should not be included.

++ For example, if a centre has 15 D candidates, 11 M candidates and 3 P candidates, all of these candidates will be in the sample.

+++ For example:

- if a centre has 21 D candidates, 14 M candidates and 3 P candidates, the sample will consist of 10 of the D candidates, 10 of the M candidates and all of the P candidates, with 7 additional candidates (from D and/or M) to make the overall sample up to 30.
- if a centre has no D candidates, 7 M candidates and 60 P candidates, the sample will consist of all of the M candidates and 23 of the P candidates.

Centres must provide audio-visual recordings of the presentations of a sample of candidates to their designated Spoken Language monitor. The CD/DVD/USB should be sent to the monitor by **5 May** at the latest.

Please note that only the audio-visual recordings should be sent to the monitor. No paperwork is required.

Further information on conducting and recording the presentations can be found [here](#).

PHYSICAL EDUCATION (COMPONENT 2)

Mark sheets need to be with the visiting moderator by first Friday in March, unless the moderation is prior to this date. If the moderation is in February the marks need to be with the moderator two weeks prior to the moderation. All work identified by the moderator must be available on the moderation day. All written work needs to be available on the moderation day. Marks to be input and submitted on IAMIS by the official deadline.

AS/ADVANCED LEVEL

WJEC has the facility for electronic submissions of candidates' work via our Surpassplatform. Candidates' work for the WJEC qualification components listed below must be submitted electronically in 2019. Further details are available in the 'E-submission Process – Subject Guide' available [here](#).

ART AND DESIGN (AS COMPONENT 1 & A LEVEL COMPONENT 1 & 2)

Centres **must** submit all marks for internally assessed work electronically via IAMIS. Once the marks have been uploaded, IAMIS will apply the sampling formula based on the overall rank order for the total entry and identify the sample of candidates whose work is selected for moderation. Centres have been instructed to record any consortium arrangements on IAMIS. Where a consortium arrangement has been indicated, the formula for selecting the sample will have been applied manually by the teaching centre using the formula in Section 4 of this document. Marks **must** have been transferred correctly to IAMIS and submitted by **31 May**.

Further instructions regarding the visit from the moderator will be sent directly from the Art subject team.

DESIGN AND TECHNOLOGY (LEGACY AS & A2, EDUQAS AS COMPONENT 2 & EDUQAS A LEVEL COMPONENT 2)

Centres **must** submit all marks for internally assessed work electronically via IAMIS. Once the marks have been uploaded, IAMIS will apply the sampling formula based on the overall rank order for the total entry and identify the sample of candidates whose work is selected for moderation. Centres have been instructed to record any consortium arrangements on IAMIS. Where a consortium arrangement has been indicated, the formula for selecting the sample will have been applied manually by the teaching centre using the formula in Section 4 of this document. Marks **must** have been transferred correctly to IAMIS and submitted by **5 May**.

Further instructions regarding the visit from the moderator will be sent directly from the D&T subject team.

GEOGRAPHY (COMPONENT 4)

The following should be submitted for each candidate with the sample to arrive with the moderator by 29 March:

- Independent investigation Form 1, the authentication sheet
- Independent investigation Form 2, a description of the candidates NEA
- Independent investigation Form 3, the candidates' marking grid.

Please ensure **all** 3 forms are included for each candidate selected by the online system. It is also very important that a signature is given by the candidate and the subject teacher when it is asked for. If there is no signature the form will be returned to the centre.

All 3 forms are available on the GCE Geography public website under the section [Independent Investigation Submission Forms](#).

IAMIS will be available for the entry of Geography marks in line with this deadline.

PHYSICAL EDUCATION AS COMPONENT 2 & A LEVEL COMPONENT 3

Mark sheets need to be sent to the lead moderator by the First Friday in March. WJEC will send a letter identifying the activities for moderation 2 weeks after this date to the examinations officer. All candidates that are offering these activities are required to be present for the moderation. All written work also needs to be available on the day. Marks to be input and submitted on IAMIS by the official deadline.

BIOLOGY, CHEMISTRY, PHYSICS & GEOLOGY PRACTICAL ENDORSEMENTS

Centres will be required to input and submit a 'Pass', 'Not Classified' or 'Carry Forward' indicator on the online system.

VOCATIONAL AWARDS AND CERTIFICATES

LEVEL 1 / LEVEL 2 AWARD GLOBAL BUSINESS COMMUNICATON (French, German and Spanish)

Centres must submit marks on IAMIS for the following internal units by 29 April deadline:

Unit 1 - Global Opportunities

Unit 3 - Global Customer Relationships

Unit 4 - Global Sales and Marketing

Once all grades have been submitted, the system will then identify the sample candidates. Work must then be submitted via the Surpass platform by the 5 May deadline. Further details are available in the 'E-Assessment submission Guide for Centres' available [here](#).

Audio files should be in MP3 format with a maximum size of 20MB

Video files should be in MP4 format with a maximum size of 100MB

Time sheets for each unit and candidate declaration sheets for each candidate must also be included. These are available to download from the secure website under the resources section.

ENTRY PATHWAYS

For Healthy Living and Fitness practical units centres must select their own samples. The Coursework for these candidates will need to be sent to the moderator by **4 May**.

INDEPENDENT LIVING

Centres should follow the procedures for the submission of marks as described within sections 1 and 2 of this document and ensure the required sample is despatched to arrive with moderator by **4 May**.

LANGUAGE PATHWAYS

(French, German, Spanish, Italian, Mandarin, Japanese)

All candidates' evidence and task sheet to be submitted to WJEC along with grade collection sheet and candidate declaration for each unit by following deadlines:

January series – **12 December**

June series – **5 May**

Foundation Diploma in Art & Design (FAD)

A date and time for the moderation visit should be agreed between the Moderator and Programme Leader within the specified moderation window, which should coincide with the period of exhibition of learners' work (visits will be one day in duration).

The centre should submit proposed grades for all components via IAMIS at least 48 hours in advance of the agreed moderation visit date. Centres must provide the Moderator with a printout of the learners' proposed grades from the secure website on arrival (all view). A sample of assessed work from Components 1, 2, 3 and 4 should be made available including Assessment Criteria Forms for components 1-4. All learners must curate and present a Major Project prior to the moderation visit. The moderator will select a sample from the display for moderation. The sample will be between 15% and 100%, depending on learner numbers.

The following represents the normal procedure for the Moderator at the visit:

- (i) Meeting with the Programme Leader to discuss programme, delivery, management and any changes that may have occurred during the year and to receive a printout of learners' proposed grades from the secure website (all view).
- (ii) Tour of Major Project exhibits with Programme Leader and/or subject specialist(s). The display of each learner's major project should be prominently labelled with the name of the learner, area of specialisation and career progression. The learner's completed 'Proposing and reviewing a Major Project' document plus supporting materials reflecting the journey from initial concept to realisation should accompany the display and there should be a précis of the Proposal/review mounted alongside.
- (iii) The moderator will sample a representative group of learners' work in Components 5 and 6 using a copy of the internal Grade Descriptor forms. As a recommended guide the moderation process will generally cover:
 - the work of at least one learner from each main area of study
 - a selection of work from learners graded as distinction, merit and pass, including borderline cases
 - the work of all proposed learners assessed as referred.
- (iv) Review the exhibition (Moderator only) and then meet with Programme Leader to discuss any amendments to proposed final grades and discuss learners who are proposed for referral. Finalise additional work for candidates that have been referred including a timescale for re-submission. Complete and sign the printout showing proposed and moderated grades.
- (vii) Meet a representative selection of learners in consultation with the Programme Leader.
- (viii) Meeting with the programme team for general feedback and discussion.

After the visit the Moderator will submit final grades for Components 5 and 6 and complete the Moderator's Visit Report form on the secure website. The report will comment on administration and assessment (including any grade changes), programme delivery, outcomes and general comments/advice. The Moderator's report will be available to centres from the A level results release date in mid-August via the secure website.

SECTION 4: GUIDANCE FOR CONSORTIUM ARRANGEMENTS

(Only required if two or more member centres will be entering candidates for work that is centre-assessed)

Some centres may be involved in consortium arrangements for one or more specifications. This usually arises where a group of centres establish joint teaching arrangements in a subject, and the candidates attend a single centre for tuition. The candidates can therefore be regarded as a single group for the purposes of internal assessment moderation.

In some consortium arrangements, the practice is for candidates to be entered for the internally-assessed components/units by the teaching centre. Where this occurs, all administration will be handled by the teaching centre and no special procedures are required.

In many consortium arrangements, however, the centre at which the candidates are enrolled ("the home centre") will make all the required entries. In this case, the additional procedures outlined below must be followed so that the candidates can be treated as a single group for the purposes of internal assessment moderation.

Centres involved in consortium arrangements must:

- appoint a coordinator to liaise with the awarding body on behalf of all centres in the consortium.

Complete the JCQ online form and submit as soon as possible in the academic year and by no later than 31st January 2019 for the June series. The online form is available on our secure website www.wjecservices.co.uk >select 'JCQ Centre Admin Portal' from the menu bar

- liaise to ensure that the co-ordinating centre submits accurate centre details on the JCQForm
- ensure that all candidates in the consortium are treated as a single group for internal assessment purposes & sample selection
- arrange for all marks for all candidates to be submitted to WJEC via IAMIS.

On receipt of the form, WJEC will:

- ensure that the same moderator is appointed to all centres in the consortium & liaise with the consortium coordinator concerning moderation arrangements
- advise moderators that a single moderation sample will be selected & sent for the consortium as a whole
- ensure that moderation will be applied consistently across the consortium.

The consortium coordinator is responsible for:

- ensuring that internal standardisation of teacher marking is carried out for all the centres within the consortium i.e. all candidates in the consortium are treated as a single group for internal assessment purposes and sample selection

- the coordinator must ensure that the marks are forwarded to each candidate's entering centre for upload to the IAMIS.

IAMIS will not be able to treat all candidates in the consortium as a single group. Therefore, all consortium entering centres will need to insert their candidates internally assessed marks and then click the 'consortium' button located at the top of the IAMIS page before clicking the submit button. This will ensure that marks are submitted to WJEC but prevent the sampling formula from being automatically applied

- the coordinator must manually select the sample candidates in rank order by applying the following formula, subject to the additional considerations listed below.

Marks for the sample must be recorded in rank order (beginning with the highest) on the Consortium Sample Marksheet.

<i>Total number of candidates</i>	<i>Work to be submitted (Numbers relate to rank order)</i>
1 – 10	All
11 - 19	1 st and every second (1, 3, 5, 7 etc.) plus the lowest scoring folder and additional folders as necessary (reflecting the spread of marks) to make a total sample of 10
20 - 45	1 st and every fifth (1, 6, 11, 16 etc.) plus the lowest scoring folder and additional folders as necessary (reflecting a spread of marks) to make a total sample of 10
46 - 99	1 st and every eleventh (1, 12, 23, 34 etc.) plus the lowest scoring folder and additional folders as necessary (reflecting a spread of marks) to make a total sample of 10
100 - 199	1 st and every fourteenth (1, 15, 29, 43 etc.) plus the lowest scoring folder and additional folders as necessary (reflecting a spread of marks) to make a total sample of 15
200 – 299	1 st and every fifteenth (1, 16, 31, 46 etc.) plus the lowest scoring folder and additional folders as necessary (reflecting spread of marks) to make a total sample of 25
Over 300	1 st and every twentieth (1, 21, 41, 61 etc.) plus the lowest scoring folder and additional folders as necessary (reflecting spread of marks) to make a total sample of 25

Clearly indicate on the Consortium Sample Marksheet (where applicable) the total number of candidates entered.

In addition, the following points should be considered in selecting the sample:

- (i) Each teaching group should be represented.
- (ii) The sample should include at least one candidate from each of the centres involved in the consortium arrangement.
- (iii) Where there are several candidates on a particular mark these will count towards the total number in calculating the rank order, but normally only one candidate's work on a particular mark will be submitted.

- (iv) Work submitted should where possible meet the full requirements of the specification; i.e. incomplete work should not be included, but be replaced by that of the nearest candidate (either higher or lower) with complete work.

WJEC may request further samples of work to be submitted if this is considered necessary.

Once the sample has been selected, the marks for all candidates who comprise the sample should be inserted on the 'Consortium Sample Mark Sheet'.

Individual candidate cover mark sheets together with the consortium sample mark sheet and actual work must be submitted by the published date.

Compliance with these arrangements will ensure that moderation will be applied consistently across the centres in the consortium.

NB - These sampling arrangements for consortiums assume that all candidates entered at each centre within the consortium are receiving tuition at the same teaching centre. Occasionally, however, a centre may be involved in more complex arrangements whereby different groups of candidates for the same specification are attending separate teaching centres. In these circumstances, the appropriate WJEC subject officer should be contacted to discuss how precise details of the candidates attending each centre should be submitted as part of consortium arrangements. It is especially important that WJEC be informed if 'some' candidates within a centre's cohort entry are taught and have their work marked elsewhere, while others within the same cohort are taught and have their work marked as normal at the entry centre.
