Introduction

The purpose of this guide is to provide advice and guidance on internal assessments which are marked by centres and externally moderated or monitored by WJEC. The aim is to provide information to support centre staff and ensure the integrity and security of the assessment process. The guide covers:

- key dates
- marking and internal standardisation
- authentication of work
- internal appeals
- submission of marks and identification of samples
- presentation and upload of work for moderation
- moderation, feedback and return of work to centres
- re-sits and the carry forward of marks
- malpractice
- information on individual subjects
- consortium arrangements
- Head of Centre Declaration Forms.

The manual **must** be read in conjunction with the relevant documents:

- [wjec-instructions-for-conducting-controlled-assessments.pdf](#)
- [JCQ Instructions for conducting coursework](#) (GCE legacy qualifications, Entry Level and Extended Project)
- [JCQ Instructions for conducting non-examination assessments](#) (reformed GCE and GCSE qualifications).
- <https://www.wjec.co.uk/media/rpsn4jvv/iamis-step-by-step-2025-2026-e-v1.pdf>

Welsh versions are available on the [WJEC website](#).

In addition to the general requirements documented in the instructions above, teachers **must** follow the subject instructions in the relevant specification.

JCQ (General Regulations for Approved Centres) requires all centres to have a written policy for GCE/GCSE non-examination assessments together with a written internal appeals procedure. The JCQ Centre Inspector may check that these documents are available during their visit.

The Head of Centre **must** ensure that all candidates' work is available for despatch/upload for moderation, including additional samples, within the required timescale.

SECTION 1: GENERAL INFORMATION

1.1 KEY DATES

There are a number of internal processes for centres to complete prior to submitting marks to WJEC by the required deadline, including:

- marking and internal standardisation;
- ensuring candidates and teachers have signed the authentication declaration;
- ensuring that there is sufficient time to undertake and complete any internal appeals;
- ensuring that individuals submitting marks have log-in permissions for the WJEC Portal. Please ensure that you set up Users for the new specifications with internal assessment.

Further guidance is available in the JCQ [Notice to Centres](#).

The deadlines for work to be received by the moderator or uploaded to IAMIS are:

Centres are reminded that the date set internally for completion of work by candidates, though flexible from WJEC's perspective, must precede the published submission date for moderation by a sufficient margin to facilitate authentication, accurate marking, internal standardisation and submission of marks online. There should also be sufficient time for your centre to undertake and complete any internal appeals submitted by cand appeal dates.

We recommend that marks are submitted on IAMIS a minimum of 1 week prior to the date for despatching/uploading the sample.

1.2 MARKING AND INTERNAL STANDARDISATION

Centres must follow the marking scheme provided by WJEC for the components they are marking. They should also use reference and archive materials (such as exemplar material provided by WJEC or, where available, work in the centre from the previous year) to help set the standard of marking within the centre.

Prior to marking, it is useful to undertake a trial marking exercise. Teachers mark the same relatively small sample of work to allow for the comparison of marking standards. The exercise can take place at appropriate stages during the course and has three beneficial effects: it helps to bring about greater consistency in the marking standards; it may identify at an early stage any teachers whose standards are out of line with that of their colleagues; and may alleviate a heavy marking load at the end of the course.

Where the work for a component/unit has been marked by more than one teacher in a centre, standardisation of marking must be carried out according to one of the following procedures:

Either, a sample of work which has been marked by each teacher is re-marked by the teacher who is in charge of internal standardisation,

Or, all the teachers responsible for marking a component/unit exchange some marked work (preferably at a meeting led by the teacher in charge of internal standardisation) and compare their marking standards.

Where standards are found to be inconsistent, the discrepant teacher(s) should reconsider and, if appropriate, make adjustments to the marks of candidates for whom they were responsible. The new marks should be checked by the teacher in charge of internal standardisation.

If centres encounter any difficulties either in the application of mark schemes or in the process of internal standardisation, advice may be sought from the relevant subject team at the WJEC.

1.3 QUALITY OF WRITTEN COMMUNICATION

In most subjects the marking of 'Quality of Written Communication' is incorporated within the overall assessment of components/units.

It is vitally important that instructions are adhered to and mark sheets are completed correctly so that candidates' marks are awarded out of the correct total for all components/units.

1.4 ANNOTATION OF WORK

The following general principles for the annotation of work should be related to any subject-specific requirements.

- (a) One of the following three approaches should be adopted:
 - (i) summative comments either on the work, usually at the end, or on a 'cover sheet'
 - (ii) key pieces of evidence flagged throughout the work by annotation either in the margin or in the text
 - (iii) a combination of (i) and (ii).
- (b) Indications as to how marks have been awarded should:
 - (i) be clear and unambiguous
 - (ii) be appropriate to the nature and form of the work
 - (iii) facilitate the standardisation of marking within a centre
 - (iv) enable the moderator to check easily the application of the assessment criteria to the marking.
- (c) Annotation, where deemed appropriate, should:
 - (i) indicate where the assessment criteria have been met, e.g. by writing key phrases from the criteria (such as 'awareness of values', 'selects information', 'uses a variety of techniques') at the appropriate point in the work
 - (ii) indicate any planning and processing not undertaken individually and provide details of any assistance or prompting given to the candidate.

1.5 AUTHENTICATION

Teachers **must** be sufficiently familiar with the candidate's general standard to judge whether the piece of work submitted is within their capabilities.

Candidates must be made aware that they are responsible for ensuring that the work submitted for assessment is their own. The documents JCQ [Instructions for conducting coursework 2025 - 2026](#) and [JCQ Information for Candidates – Non-Examination Assessment 2025 – 2026](#), available on the JCQ website (www.jcq.org.uk), provide instructions and guidance.

Welsh versions are available on the [WJEC website](#).

For all subjects with a written internal assessment component/unit, an authentication statement is included as part of the mark/cover sheet for individual candidates' folders. These are available for downloading from the relevant subject page on the WJEC website - www.wjec.co.uk. On the WJEC home page, under the heading "Qualifications", click on the relevant subject and select the level of examination, then click "Resources" and "Key Documents". In most cases, there is a quick link to the mark sheets on the subject page. Open the document and save/print as required.

All candidates (not merely those included in the moderation sample) must sign the authentication statement. Failure to do this could constitute maladministration/malpractice.

Teachers must sign the declaration of authentication after the work has been completed by the candidate confirming that:

- the work is solely that of the candidate concerned
- the work was completed under the required conditions
- signed candidate declarations are kept on file.

If a teacher is unable to confirm that the work presented by a candidate is their own and has been completed under the required conditions:

- do not accept the candidate's work for assessment
- record a mark of zero for internally assessed work.

Signed candidate declarations **must** be kept on file until the deadline for a review of moderation has passed or until any appeal, malpractice or other results enquiry has been completed, whichever is later. They may be subject to inspection by a JCQ Centre Inspector.

Electronic signatures are acceptable. Typed names will be taken as being as binding as a hand-written signature.

1.6 INTERNAL APPEALS

Centres must inform candidates of the centre marks for their NEA prior to submission to WJEC and allow them to appeal these marks. Therefore, when planning the timetable for non-examination assessments, sufficient time must be allocated to enable internal appeals relating to the centre's assessment decisions to be completed prior to the submission deadline. Appeals must be conducted by appropriately qualified and competent assessors who have no personal interest in the outcome of the review being carried out. The appeal must not be carried out in isolation. The assessor must consider the centre's marking of that assessment

against the centre's marking of other candidates' assessments in the same series. The appeal assessor should notify the centre if:

- the marking of the assessment under review is inconsistent with the centre's marking of the other assessments
- or, its marking is inconsistent across all the assessments considered.

The centre should correct any errors in its marking prior to submission to WJEC and ensure that internal standardisation takes this into account.

WJEC requires centres to have a written internal appeals procedure and to ensure that details of this procedure are made widely available and accessible to all candidates.

Further information is available in the JCQ [Notice to Centres](#).

Centres are reminded that internal appeals are conducted independent of WJEC and that they will not have any impact on WJEC decision-making in terms of sample selection or moderation.

We suggest that candidates are advised that their marks may change as a result of external moderation.

1.7 MODERATION AND FEEDBACK

Centres are required to submit a sample of marked non-examination assessments for moderation by WJEC. In line with other JCQ awarding organisations, from summer 2026, we have increased the initial sample size collected from centres as per the following table.

Number of candidates at centre	Sample to be submitted
Up to 5	All
6-10	All
11-15	All
16-100	15
101-200	20
Over 200	25

There is no change to the moderation process; collecting a slightly larger sample on the NEA submission deadline date means that we are less likely to contact centres later during the moderation period to request additional samples.

Centres cannot choose which candidates to work to submit for moderation. The candidates to be included in the sample are determined by IAMIS; the sample normally consists of the top and bottom candidates in the rank order plus a range of candidates in between.

The moderator will re-assess a sub-sample of work using the published marking scheme in the specification making an independent judgement on each candidate's work against the marking criteria. The moderator marks are then compared with the centre marks for the sample work. If the centre marking is found to be unduly harsh or unduly generous a larger sample will be reviewed from the work you have

submitted, and adjustments are to the centre's marks to bring it into line with agreed standards.

Sometimes, when marking is inconsistent and there is no obvious pattern to the under or overmarking, we may require further evidence, and the moderator will request the remaining work. This is to ensure that all candidates in the cohort are treated fairly. If there is a significant disagreement between the centre mark and the moderator mark, the moderator's marks may be implemented for all candidates at the centre.

When deciding whether to adjust centre marks, three core principles are considered.

1. Mark adjustments should maintain the centre's rank order of candidates except where the centre's marking is deemed to be demonstrably inconsistent.¹
2. Accepting moderator marks should be reserved for where centre marking is inconsistent, and the rank order is not agreed.
3. No candidate should be treated differently because they were included in the moderation sample.

The final, moderated marks are sent to centres with the results (expressed as either raw marks or UMS marks).

The main purpose of the Moderator's report is to provide centres with feedback on the accuracy of their assessment decisions against the published assessment criteria. Centres should read the report carefully and seek to apply the advice given on standards when marking future series. Centres will be informed via the report whether their marks have been adjusted.

Comments on the accuracy of a centre's assessments may be made even if no adjustment is applied. For example, if the difference between the moderator marks and the centre marks is small, the moderator will normally provide advice on the standard of marking.

The report also provides feedback on:

- (i) the efficiency of the centre's administration;
- (ii) the appropriateness of the tasks (where set by the centre rather than the awarding body) and the coverage of the assessment objectives;

Moderators' reports will be available on WJEC Portal. They will become available to view and download according to the following time scale:

June examination series: reports available from results day until Christmas.

November examination series: reports available from results day until end of February.

January examination series: reports available from results day until end of May.

Subject teams can help with any report requests after this time frame.

1.8 RETURN OF WORK TO CENTRES AND RETENTION OF WORK

For Postal submission, moderators will return work directly to centres as soon as possible after moderation.

WJEC will handle with care material submitted for moderation but cannot accept responsibility for loss or damage. Samples may be retained by WJEC for use as exemplar or archive material (centres will receive notification if this is the case).

N.B. Candidates should be advised not to include any items of real or sentimental value e.g. photographs, certificates, etc.

Centres are advised that candidates' work **must** be kept securely until the deadline for a review of moderation has passed or until a review of moderation or appeal or malpractice investigation has been completed, whichever is the later. Where retention is a problem, because of the nature of the work, some form of evidence (e.g. photographic, audio-taped or video-taped) must be available. Centres are requested to keep a record of the examination numbers and names of those candidates whose work is included in the sample sent to or seen by moderators. This information may be required if there are enquiries upon results at a later date.

1.9 RE-USING MARKS FOR UNITISED SUBJECTS

Provided the rules for re-sitting units are adhered to (e.g. GCSE terminal requirements) as outlined in the [Guide to resit requirements](#), then centres **should not enter** candidates for any controlled assessment/NEA units that candidates wish to re-use towards a new overall qualification.

Please refer to our [Guide to resit requirements](#) if a candidate wishes to resit rather than carry forward/re-use an internally assessed component or unit mark.

1.10 'CARRY-FORWARD' OF COMPONENT/UNIT MARKS FOR LINEAR SUBJECTS

For the lifetime of a specification, candidates can re-use ("carry forward") marks in controlled assessments, coursework and non-examination assessments from a previous exam series in which the candidate certificated.

Candidates are not permitted, in any circumstances, to carry forward marks between legacy specifications and new specifications.

If a candidate chooses to re-sit the assessment, it is the new result (not the original result, even if the original result is higher) that will count towards the qualification grade.

Where a candidate has certified on two or more previous occasions, the most recent NEA mark is carried forward, regardless of whether that mark is higher or lower (unless that mark is Absent).

If candidates wish to re-use ("carry-forward") marks towards a new overall qualification please indicate this by inputting C or CF on the internal assessment mark input system (IAMIS). Do **not** under any circumstances enter the mark to be carried forward.

Please refer to our [Guide to resit requirements](#) if a candidate wishes to re-sit rather than carry forward/re-use an internally assessed component or unit mark.

1.11 MALPRACTICE

Where candidate malpractice is discovered prior to the signing of the authentication statement, this need not be reported to WJEC, but should be dealt with in accordance with the centre's internal procedures. The only exceptions to this are where the offence relates to a breach of the conditions of the assessment, e.g. possession of notes, communication with other candidates, or where the awarding body's confidential assessment material has been breached. In such a case, the

suspected malpractice must be reported to the awarding body. If staff malpractice is discovered in the coursework or non-examination assessments, the head of centre must inform the awarding body immediately, regardless of whether the authentication forms have been signed by the candidate(s).

If malpractice is suspected or found after the authentication statement has been signed, the centre must report the malpractice using the relevant JCQ Malpractice form, M1. In the case of suspected centre/centre staff malpractice the centre must notify WJEC using the JCQ M2 form, this is regardless of whether the authentication forms have been signed by the candidate(s) or not. Further guidance on reporting malpractice is available in the WJEC document, [guide to preventing reporting and investigating malpractice and the](#) JCQ document [Suspected Malpractice: Policies and Procedures 2025-2026](#).

Welsh versions are available on the [WJEC website](#).

The completed form should be e-mailed to malpractice@wjec.co.uk.

There are a number of clues that point to the possibility of plagiarism, and teachers should remain alert to these. Further guidance on the detection of plagiarism may be found in the JCQ document [Plagiarism in Assessments](#). WJEC uses software to identify potential plagiarism in candidates' work.

Centre staff must familiarise themselves with the relevant [WJEC Instructions for conducting controlled assessment](#), JCQ [Instructions for conducting coursework](#) and JCQ [Instructions for conducting non-examination assessments](#) together with the subject specification requirements. Knowledge of the requirements will assist centres and teachers in maintaining the integrity and security of the assessment process. Centres and centre staff who do not comply with the requirements will be investigated under the JCQ Suspected Malpractice procedure.

All candidates and their teacher must sign the declaration of authentication. The forms are required when WJEC receives allegations of suspected malpractice.

1.12 UNSATISFACTORY PRACTICE BY CENTRES

Further guidance will be provided to the Head of Centre where individual teachers or centres fail to meet WJEC requirements for internally assessed work. Where significant problems are identified, WJEC may require approval of subsequent tasks/mark schemes and monitoring of the centre's arrangements for marking and standardisation.

The following guidelines will be used as a means of determining whether there are matters which need to be taken up with centres.

- (a) Are tasks set within the requirements of the specification?
- (b) Are the marking schemes/assessment criteria devised by centres clear, unambiguous and capable of consistent application? Have they been applied appropriately?
- (c) Have WJEC's administrative and procedural instructions been followed?
- (d) Has the internally assessed work been properly annotated?
- (e) Has the internally assessed work been properly authenticated, especially in those cases where some activities may have taken place outside school?

- (f) If details are provided of any assistance given to particular candidates beyond that given to the group as a whole, is the nature of such assistance within the parameters laid down by the specification?
- (g) Is standardisation within the centre effective and within WJEC requirements?

1.13 CENTRE STAFF CONFLICT OF INTEREST

Conflicts of interest must be managed within centres and notified to WJEC in accordance with the JCQ General Regulations.

> Centre Staff Conflicts of Interest Guidance

- (i) Please find the electronic WJEC Centre Staff Conflict of Interest form under the Entries tab on the WJEC Portal .
- (ii) Awarding Bodies have a legitimate reason for requesting this information from centres, however centres must ensure that they collect and submit this information in accordance with their own privacy notice.

SECTION 2: SUBMISSION OF MARKS AND IDENTIFICATION OF SAMPLES

Summary

The first step in preparing to input marks is to request a Portal log-in as a user from your Exams Officer.

Please check that you have access to the Internal Assessment Marks/Outcomes area on Portal (see 2.1).

Once your centre's entries have been submitted and processed, your candidates' names/numbers are pre-populated on the system. You can submit marks as soon as the submission window opens (see 2.2).

Marks/grades **must** be input and submitted by the deadline (see Section 4).

Once the marks have been submitted, a sample of candidates will be identified automatically by the system (see Section 3 for separate instructions concerning consortium arrangements).

2.1 INVITING USERS TO PORTAL

For the internal assessment mark input system (IAMIS), Admin Users on Portal (usually the exams officer) can allocate access to Users (e.g. teachers) who will be entering internal assessment marks and processing samples. To do this, Admin Users should log onto Portal, click the 'Manage Users' and amend settings to toggle on access to IAMIS.

2.2 INPUTTING MARKS

IAMIS will be available to the designated account holders on the following dates, once entries have been received and processed by WJEC:

Qualification(s)	IAMIS Opens
Entry Pathways Language Pathways Work Welsh Pathways Vocational Technical Awards HSCCC: HSC Principles and Contexts	20 November (January Series)
National/Foundation Welsh Baccalaureate	21 November (January series)
Advanced Skills Welsh Baccalaureate Wales	21 November (January series)

GCE Applied Certificates and Diplomas	1 April (June Series)

Extended Project FAD HSCCC: HSC Principles and Contexts Advanced Skills Baccalaureate Wales

2.3 ENTERING AND SUBMITTING INTERNAL ASSESSMENT MARKS (VIA PORTAL)

Once entries have been submitted and processed by WJEC, you will need to log on to the [WJEC Portal](#) and click into Menu at the top right of the home screen, navigate to Examinations and Assessments then select 'Internal Assessment Marks/Outcomes' tab. A web page will be available for each internal assessment component/unit for which the centre has entries, and this will be pre-populated with candidate names and numbers. You will need to insert the marks/grades/outcomes (as relevant) for **all** candidates in the spaces provided.

For **certain subjects**, you will also need to input details (i.e. initials) of each candidate's teaching group.

Once **all** candidates' marks have been input the marks can be submitted. Once marks have been submitted the system will generate a sample. To view the sample, select the "View/Edit Outcomes" button on the IAMIS page in Portal.

Once marks have been **submitted**, they cannot be changed online (see 2.15).

2.4 SENDING INTERNAL ASSESSMENT MARKS (VIA EDI)

Centres may submit internal assessment marks via EDI (electronic data interchange) Further information about EDI submission is available via the helpline on 029 20 265169.

Where internal assessment marks are submitted by EDI time must be allowed for the EDI files to be processed (up to 72 hours). Once files have been processed IAMIS will be pre-populated with the marks which have been submitted.

You will then need to log on to the [WJEC Portal](#) and access the 'internal assessment marks/outcomes' tab in order to input details (i.e. initials) of each candidate's teaching group (for certain subjects) and to **submit the marks, (Please note with marks feeding into the system from the EDI file this will not automatically submit to WJEC)**. Once marks have been submitted IAMIS will identify the candidates whose work has been automatically selected for moderation.

2.5 IDENTIFICATION OF THE SAMPLE CANDIDATES

IAMIS will automatically identify the sample candidates whose work is to be despatched/uploaded.

In addition to the sample requested, you must also send/upload the scribe cover sheet (signed by the scribe/teacher and countersigned by the head of centre or examinations officer) and the mark sheet for all candidates who have completed work with the aid of a scribe or word processor (with spelling and/or grammar check enabled) even if they are not part of the sample.

If a teacher has marked or been involved in the internal standardisation of their child's work, this work must also be sent/uploaded for moderation (see 1.13).

WJEC may request further samples of work to be submitted to the moderators if this is considered necessary.

NB: The sample for GCE Physical Education (Unit 2 & Unit 4) will not be generated by IAMIS. The sample will have been selected when marksheets have been submitted in early March.

2.6 AMENDMENTS TO THE CHOSEN SAMPLE

IAMIS will not allow you to remove candidates from the chosen sample. However, IAMIS will allow you to add additional candidates using the tick boxes.

If the sample contains a candidate whose work is incomplete then you should indicate on IAMIS the nearest candidate (either higher or lower) with complete work. **The incomplete work should not be sent to the moderator.**

An explanatory note to the moderator must accompany the work in such cases where the sample sent by the centre differs from the sample chosen by IAMIS.

Where an amendment to a Welsh Baccalaureate sample is required, advice must be sought from wbq@wjec.co.uk in the first instance.

2.7 LOST CANDIDATE WORK

If a candidate's work has been lost by a centre through no fault of their own, and the centre can verify that work was completed or partially completed and was monitored whilst it was in progress, the candidate may still be eligible for a mark.

The loss of work must be reported by submitting a [JCQ/LCW Form 15](#) to WJEC.

If the work had been completed and marked, the mark should be submitted on IAMIS as normal and the JCQ/LCW Form 15 submitted.

If the work had not been completed and/or marked, an Absent mark should be submitted on IAMIS. An estimated mark should be entered on the JCQ/LCW Form 15 when it is submitted. Estimated marks will be considered by WJEC. Estimates should not be made for work that has not been seen.

To submit forms, or gain further guidance if only part of the work is lost, or for any other issue relating to lost work, please contact:

specialrequirements@wjec.co.uk

2.8 MARK SHEETS AND OTHER REQUIRED DOCUMENTATION

Individual candidate mark sheets (cover sheets), which should accompany each candidate's work submitted for moderation, must also include a candidate declaration of authentication. Cover sheets must be downloaded from the relevant subject page on the [WJEC website](#). The documents can be found under 'Resources' then 'Key Documents'.

Welsh Baccalaureate centres should use the Candidate Booklet available from the resources section of Portal for National/Foundation and Advanced submissions.

Further information can be found on the Administration page:
https://www.wjec.co.uk/qualifications/welsh-baccalaureate-advanced/?sub_nav_level=course-materials#tab_resources

2.9 PRESENTATION OF FOLDERS

Specific instructions for the presentation of work may be given in the guidelines for individual subjects. Unless otherwise stated, the following points should be noted:

- (i) Each candidate's work should be submitted in an A4 folder/file, which itself is clearly marked with **specification title, centre name and number, candidate name and examination number**.
- (ii) Ring binders (bulky to post) and plastic wallets (difficult to gain access to work) should **not** be used.
- (iii) Where work consists of a number of assignments these should be placed in the folder in the same order as on the cover sheet.
- (iv) The use of word processors in the production of the work is permitted, unless restrictions are imposed by specification requirements.

2.10 SUBMISSION OF WORK (VIA POST)

Qualification(s)	Moderator Details Available From (Approx.)
GCSE English Literature Unit 3	10 March (June Series)
GCSE History Unit 4 GCSE Welsh Literature Unit 4	20 April (June Series)

The moderator details can be printed onto blank labels and the internally assessed work and cover sheets for the candidates in the sample should then be despatched to the moderator.

NB: No moderator details will be supplied for subjects which require work to be uploaded via IAMIS.

2.11 SUBMITTING INTERNAL ASSESSMENT SAMPLES (VIA IAMIS UPLOAD)

IAMIS Upload is the process of submitting candidates' work in an electronic format for moderation. WJEC use IAMIS a web-based platform, for this process.

Our IAMIS Upload [webpage](#) gives information, help and guidance relating to all aspects of the process.

2.12 AMENDMENTS TO THE CHOSEN SAMPLE (VIA IAMIS UPLOAD)

IAMIS will not allow you to remove candidates from the chosen sample. However, IAMIS will allow you to add additional candidates using the tick boxes.

If the sample contains a candidate whose work is incomplete, then you should use the tick boxes on IAMIS to indicate the nearest candidate (either higher or lower) with complete work. **The incomplete work should not be uploaded to IAMIS**

An explanatory note to the moderator must be uploaded along with the folders in such cases where the sample sent by the centre differs from the sample chosen by IAMIS.

Where an amendment to a Welsh Baccalaureate sample is required, advice must be sought from wbg@wjec.co.uk in the first instance.

2.13 PREPARING CANDIDATES WORK FOR UPLOADING (VIA IAMIS UPLOAD)

Subject specific instructions for the presentation of work are available here:
<https://www.wjec.co.uk/home/administration/e-submission/>

These instructions include information regarding:

- (i) File types
- (ii) The maximum number of files
- (iii) Maximum upload sizes
- (iv) Naming of files
- (v) Use of keycodes
- (vi) Resizing large files

2.14 LATE ENTRY CANDIDATES

Marks for late entry candidates can be input on IAMIS, **provided the candidate entry has already been submitted to and processed by WJEC.**

To input a mark for any candidate who is not listed on IAMIS, the exams officer should submit the required entry as soon as possible.

Once this information has been sent to WJEC by the exams officer, allow 72 hours before trying to input and submit the mark.

WJEC monitors centres where candidates are added after the sample has been generated. In certain circumstances, the Head of Centre may be contacted and asked to provide additional information.

2.15 AMENDING MARKS AFTER SUBMISSION

Once marks have been submitted via IAMIS they cannot be amended by the centre. If it is noticed that an incorrect mark has been submitted, centres must complete and submit the request form, which will be located in the 'Internal Assessment' area of Portal

Please note that we will contact you for further information if required. If we do not contact you then your request for mark amendment will be actioned.

WJEC monitors centres requesting amendments to candidates' marks. In certain circumstances, the Head of Centre may be contacted and asked to provide additional information.

2.16 AMENDING MARKS AFTER ISSUING OF RESULTS

If a teacher notices, after the issuing of results, that an incorrect mark has been submitted, the Head of Centre must send a written request to the relevant section below for the mark to be amended, clearly outlining the circumstances. A completed, signed, dated internal mark sheet must accompany this written request and the actual work (or copy) may also be requested. This information will be referred to the subject officer. After consideration of the evidence, the mark may be altered or the request may be refused. All requests to alter centre submitted marks for internally assessed components/units **must** be received by:

20 September (June exam series)

15 February (November exam series)

SECTION 3: GUIDANCE FOR CONSORTIUM ARRANGEMENTS

A consortium is an arrangement between two or more centres to offer qualifications. Candidates from different entering centres are taught and assessed together as one group. Consortium arrangements are only available for internally assessed Non Examination Assessment (NEA) units/components and certain externally assessed NEA units/components.

3.1 CENTRE CONSORTIUM ARRANGEMENTS

Where two or more member centres will be entering candidates for work that is centre-assessed, the Centre Consortium Arrangements form on the [JCQ Centre Admin Portal](#) must be completed. This will enable the candidates for each specification to be treated as a single group for the moderation of centre-assessed work. Centres must notify us of any significant changes to the data on this form post-submission.

3.2 CENTRE CONSORTIUM CO-ORDINATOR

The centres concerned must nominate a consortium co-ordinator who will liaise with the relevant awarding body on behalf of all centres in the consortium. If there are different co-ordinators for different specifications, a form must be completed for each specification.

In circumstances where a specification is taught at your centre, but some candidates are taught and assessed at another centre, the [partial consortium form](#) must be completed.

Our Consortia policy is available [here](#).

SECTION 4: NOTES FOR INDIVIDUAL SUBJECTS

For details of requirements for the content and presentation of work, please refer to subject specifications.

Units 1-6	N/A (Visiting Moderator)	18 June	P653QDL	✓

A date and time for the moderation visit should be agreed between the Moderator and Programme Leader within the specified moderation window (June 1st – 30th), which should coincide with the period of exhibition of learners' work (visits will be one day in duration).

The centre should submit proposed grades for all units via IAMIS at least 48 hours in advance of the agreed moderation visit date. Centres must provide the Moderator with a printout of the learners' proposed grades from IAMIS on arrival (all view). A sample of assessed work from Units 1, 2, 3 and 4 should be made available including Assessment Criteria Forms for units [1, 2, 3 and 4](#). All learners must curate and present a Major Project prior to the moderation visit. The moderator will select a sample from the display for moderation. The sample will be between 15% and 100%, depending on learner numbers.

The following represents the normal procedure for the Moderator at the visit:

- (i) Meeting with the Programme Leader to discuss programme, delivery, management and any changes that may have occurred during the year and to receive a printout of learners' proposed grades from the Portal, by hovering over 'Internal Assessment' then selecting 'Internal Assessment Mark/Outcomes Input' (all view).
- (ii) Tour of Major Project exhibits with Programme Leader and/or subject specialist(s). The display of each learner's major project should be prominently labelled with the name of the learner, area of specialisation and career progression. The learner's completed 'Proposing and reviewing a Major Project' document plus supporting materials reflecting the journey from initial concept to realisation should accompany the display and there should be a précis of the Proposal/review mounted alongside.
- (iii) The moderator will sample a representative group of learners' work in Units 5 and 6 using a copy of the internal Grade Descriptor forms ([Unit 5 and Unit 6](#)). As a recommended guide the moderation process will generally cover:
 - the work of at least one learner from each main area of study
 - a selection of work from learners graded as distinction, merit and pass, including borderline cases
 - the work of all proposed learners assessed as referred.
- (iv) Review the exhibition (Moderator only) and then meet with Programme Leader to discuss any amendments to proposed final grades and discuss learners who are proposed for referral. Finalise additional work for candidates and the Moderator will

complete the Referral Form - including a timescale for re-submission. Complete and sign the printout showing proposed and moderated grades.

(vii) Meet a representative selection of learners in consultation with the Programme Leader.

(viii) Meeting with the programme team for general feedback and discussion.

After the visit the Moderator will submit final grades for Units 5 and 6 and complete the Moderator's Visit Report form on the Portal. The report will comment on administration and assessment (including any grade changes), programme delivery, outcomes and general comments/advice. The Moderator's report will be available to centres from the A level results release date, via Portal.
