1. Results day

i) Collecting exam results

Candidates must collect their examination results from their centre, usually on the published Results day for the qualifications they have sat.

For the June 2026 series, the publication of results is from 8:00am on **Thursday 13 August 2026**.

WJEC is unable to provide or discuss results over the telephone or via email communication with candidates or parents, even if the school or college is closed. Candidates should therefore check with their school or college when and where results will be available for collection and how and with whom they can discuss any issues or concerns.

Results must not be divulged to others including local authorities and the media until after 9.30am on the relevant results day.

ii) What to expect

On results day, candidates normally receive a results slip showing their results. If qualifications have been taken with different exam boards, candidates may receive more than one results slip, or the school or college may create one single slip showing all results together.

At this point, results are designated as provisional; changes may be made at a later point, for example, following a Review of Marking or Moderation.

iii) How are results displayed on a results slip

Results slips will show candidate results for subjects/qualifications taken within that examination series.

Results slips will display an overall uniform mark (UMS) and grade for the core component and the employer set project.

iv) Symbols used on a results slip

In addition to grades and marks, results slips may also contain other symbols:

X indicates that a result is not being issued due to the candidate being absent for all sub-components. It may also be because a decision has been made not to issue a result. Any subject with an (X) will not appear on the certificate.

Q indicates that a result is pending or is currently unavailable.

This indicator is shown next to the overall core grade if a candidate completed work for some, but not all, of the subject's sub-components.

2. Understanding results

i) Explaining grades

Overall grades are reported as A* - E (with grade A* being the highest).

Candidates whose level of attainment is below the minimum standard will receive an unclassified (U) result.

ii) Explaining marks

- **Raw marks**

Each sub-component is allocated a total raw mark.

- **Uniform Marks Scale (UMS).**

In unitised specifications raw marks are converted into a uniform mark (UMS) which is used as a device for reporting, recording and aggregating candidates' sub-component assessment outcomes. A raw mark to UMS convertor can be found on [our website](#) (information available from publication of results day).

Uniform marks are reported as whole marks and so, where necessary, they will be subject to “rounding up” (e.g. a uniform mark of 19.6 will be reported as 20). Although rare, this may mean that a raw mark at the top end of the range of marks within a grade may convert to a rounded up uniform mark which equates to the next grade up. Please note that although the sub-component grade will not be raised as part of the rounding up process, the rounded up uniform mark will be used in the calculation of the overall grade.

iii) How are marks converted into grades

Grades are calculated by adding together the uniform marks achieved in the sub-components. This gives candidates a total uniform mark which converts to an overall grade based on the grade boundary.

3. Grade boundaries

Grade boundaries are the minimum number of marks needed to achieve each grade. Grade boundaries ensure that whenever the assessment is sat, candidates receive the same grade for the same level of performance.

UMS grade boundaries for unitised qualifications remain the same every year as the range of UMS mark percentages allocated to a particular grade does not change. The grade boundaries are available on our [website](#) (information available from publication of results day).

Core grading

The T Levels Technical Qualification (TQ) in Building Services Engineering for Construction Core is made up of the below sub-components (and weightings):

- Exam (70%)
- Employer-Set Project (30%)

Uniform Mark Scale (UMS) grade boundaries

The table below shows the UMS (Uniform Mark Scale) values available for grades in the sub-components. It also shows the UMS values required to achieve each grade for the overall Core. This table will not vary across the series, the values are fixed for this TQ.

Grade boundary	Exam sub-component	ESP sub-component	Overall Core
A*	252 – 280	108 – 120	360 – 400
A	224 – 251	96 – 107	320 – 359
B	196 – 223	84 – 95	280 – 319
C	168 – 195	72 – 83	240 – 279
D	140 – 167	60 – 71	200 – 239
E	112 – 139	48 – 59	160 – 199
Unclassified (U)	0 – 111	0 – 47	0 – 159

5. What to do if a candidate wants to query a result

It is important that candidates discuss any concerns with their centre, usually an exams officer or teacher, and decide on the best options available.

If it is considered that there may have been an error, an application can be made by the centre for one or more of the post-results services offered by WJEC. Applications cannot be submitted by internal candidates or parents. Private candidates may contact WJEC's Post Results Services directly to submit an application.

Services include:

- [Free access to scripts](#) – an electronic version of the script will be available free of charge to download from our Portal.
- [Clerical re-check](#) - a re-check of clerical procedures leading to the issue of a result.

- [Post-results review of marking](#) - a review of the original marking to ensure that the agreed mark scheme has been applied correctly.
- [Post-results review of moderation](#) – please note this is not available for individual candidates.

For further details including fees and deadlines, please visit our [Post-Results Services](#) page and the information published by JCQ, available [here](#).

It is important to note that when applying for a clerical re-check or review of marking marks can stay the same, or go up or down. Therefore, candidates **must** give their signed permission before a school or college submits an application.

The outcome will be issued directly from WJEC to the school or college, who will then pass the information onto candidates. If a private candidate has applied directly to WJEC, the outcome will be issued to them. **Once an outcome has been issued, the original mark cannot be re-instated in any circumstance, even if the new mark is lower than the original mark.**
