

Eduqas Newsletter – September 2025

ELECTRONICS

Free Access to Scripts

Candidate exam scripts for Summer 2025 can be accessed free, via [Portal](#) (WJEC-Eduqas secure website).

Summer 2025 Past Papers, Mark Schemes and Examiners' Reports

Exam papers and mark schemes for Summer 2025 are now available on [Portal](#). Examiners' Reports for Summer 2025 will be available on our Electronics webpages - [AS/A Level Electronics](#) & [GCSE Electronics](#) from 30 September.

Exemplar Material

There will be no CPD presentations for Electronics this year however marked exemplar material for the GCSE and A level exams and all NEA will be available on [Portal](#) from the end of October.

To access the Electronics exemplars material: Log in to [Portal](#), choose 'All Services', 'Resources', then 'Subject-Specific Support Materials inc CPD & Exemplars'. Select Subject 'Electronics', Brand 'Eduqas' and Type of document 'Exemplar Material'.

NEA – Online Submission from Summer 2026

From summer 2026 all Electronics NEA will switch to electronic upload, via the IAMIS system.

Further information is available on the webpages - [e-Submission | WJEC](#). (See also circular no. 057)

The specifications, guidance for teaching documents and Electronics task forms are currently being reviewed and will be updated as required for this change soon.

Designation of GCSE Electronics in Wales

Following the review of GCSEs in Wales it has now been confirmed that Qualifications Wales will continue to designate GCSE Electronics, so the course will continue to be funded to run in schools in Wales.

Teaching Resources

Available on our Resources webpages - [AS/A Level Electronics](#) & [GCSE Electronics](#):

Electronics eBooks: The free eBooks cover all topics of the GCSE, AS and A level specs in detail, with worked examples and questions, Answers to the questions in the eBooks can be accessed via [Portal](#).

Knowledge organisers: These are available for each topic in the GCSE and A level specs.
