

General

1. What are the grade boundaries?

These are available from the [website here](#).

2. How do I access the Portal?

The only person who can give you a username and password is your exams officer. They can allow you different levels of access, so if you cannot find what you are looking for, please check with them first.

3. Is there a teaching plan, scheme of work or lesson plans available?

There is a suggested overall plan for delivering the course in the [Guidance for Teachers](#) booklet, but no detailed schemes of work as all schools have different pupils, timetables and resources.

4. Are there examples of graded work?

Yes, there are exemplars for each Unit/Component within the CPD resources on the [portal](#).

5. Is there any CPD?

Yes, we run face to face events every year, and details are available on the [website here](#).

6. Can I get a CPD event put on in my school?

Yes, and you can invite other colleagues to share the cost. The event will be based on the materials used in the main advertised events, but you will have the opportunity to ask questions. You may not ask the presenter to look at "live" candidate work or make any enquiries about specific results. For more details, please email music@wjec.co.uk

7. How can I find another centre near me delivering this course?

You could join the Facebook group and ask there or add yourself to the GCSE Music [centre map](#).

8. What is a circular and how do I access one?

If we need to communicate official information to all centres, we publish a document to the secure site. These are uploaded around the 20th of each month to the Circulars folder. Your exams officer should check regularly and forward circulars to the appropriate members of teaching staff.
