|------------------|---------------------------------------|
| Component 1 | Thursday 9 th May 2024 |
| Component 2 | Wednesday 22 nd May 2024 |
| GCSE results day | Thursday 22 nd August 2024 |

Fieldwork Statement

Candidates entering the GCSE examinations in summer 2024 and beyond are required to have undertaken a minimum of 2 days in the field for the GCSE qualification. The specification states that each centre must provide details of their fieldwork on a Fieldwork Statement. This is available on the Eduqas website at [Eduqas GCSE Geology fieldwork statement](#)

It must be submitted using the e mail address geology@eduqas.co.uk by 15th May of the year in which those candidates will be sitting their examinations.

Mock GCSE Component 1 exams

If your centre already has the Surpass system set up, which it will if you have previously entered candidates for Eduqas GCSE Geology, then mock exams in Component 1 can be scheduled at any time. Your centre can facilitate and sit on-screen mock exams by following the processes in the Centre Staff User Guide (on Surpass Homepage under the Getting Started (Surpass Guides) heading). The guide also gives instruction to allow you to add extra time for specific learners, once you have keycodes available. If you have any questions regarding this, please visit the [e-Assessment page](#) on the [Eduqas website](#), or alternatively, contact e-assessment@wjec.co.uk.

E mail contact

If you have subject specific enquiries, then please make contact with the Geology team by using the e mail address geology@eduqas.co.uk. The Subject Support Officer for Geology is Eira Morgan.
