

Welcome back

We hope you all managed to have a restful break over the summer and that both you and your candidates were pleased with their examination results that were published in August. Thank you for your commitment to your learners and for preparing them for the examinations in such challenging circumstances.

2022 Exam Series

The papers and mark schemes for all components are now available to view on our [secure website](#). If you do not have access to the relevant pages, contact your Examinations Officer, who will be able to grant you the appropriate permissions via a new password.

Examiner Reports

Principal Examiner reports have been written for each component and be found on the subject home page. We strongly recommend all teachers read these reports as they provide detailed feedback on the performance of candidates in each question in the summer series and are a useful source of guidance and advice.

Resources

A range of subject resources to support teaching and learning can be found on our [Digital Resources website](#).
