Made for Wales.
Ready for the world.

Empowering learners, supporting teachers

As Wales' largest awarding body, we have over 75 years of experience in delivering trusted, high-quality qualifications that support learners, educators, and employers across Wales.

We provide a wide range of bilingual qualifications that are accessible, engaging, and designed to meet the needs of today's learners.

Our qualifications are backed by expert subject teams, high quality resources, and responsive, specialist support. Our work is guided and shaped through close collaboration with schools, colleges, regional consortia, sector experts and Qualifications Wales.

As the only awarding body offering qualifications in every suite of the 14-16 National Qualifications offer, we are proud to play a key role in supporting the Welsh Government's ambition to make education in Wales a source of national pride, and we remain committed to helping every learner achieve their potential and progress with confidence.

General Foundation Qualifications: A strong foundation for future success

Our General Foundation Qualifications are designed to inspire and support learners, offering a two-year programme that is accessible and engaging.

These qualifications help learners build confidence, develop essential knowledge, understanding and skills, and enjoy meaningful success.

A key feature of our General Foundation Qualifications is their unitised structure, allowing learners to complete some assessments in Year 10 and others in Year 11. This flexible approach supports steady progression, reduces assessment pressure, and gives learners the opportunity to demonstrate achievement throughout the course.

The compensatory nature of our General Foundation Qualifications recognises learners' strengths across different units. Rather than requiring uniform performance in every area, this approach allows high achievement in one unit to offset lower performance in another, promoting an inclusive and supportive assessment experience.

Our General Foundation Qualifications build on the conceptual understanding learners have developed through their Curriculum for Wales learning from ages 3-14, and relate to and support the four purposes and the principles of progression. Although very distinct from GCSEs, we have designed them to provide a broad basis for progression onto our related GCSEs by focussing on similar skills and understanding.

Whether learners continue in the subject or not, they will gain valuable knowledge, understanding and skills, and a sense of accomplishment that prepares them for life, learning, and work.

About the General Foundation Qualification in Core Cymraeg

Core Cymraeg provides opportunities for learners to use Cymraeg in social and workplace settings, equipping them with valuable skills for life in a bilingual Wales.

By engaging with real-life contexts and meaningful work-related tasks, this qualification inspires learners to use Cymraeg and to recognise its relevance and value far beyond the classroom.

Built around the themes of “the area” and “the workplace,” Core Cymraeg offers authentic opportunities to becoming a more confident Welsh speaker.

Who is this qualification for?

This qualification is for learners between 14-16 who are working at Entry Level 1 to Entry Level 3 in this subject.

It will build on the conceptual understanding learners have developed through their Curriculum for Wales learning from ages 3-14. It also relates to and supports the four purposes and the principles of progression.

The qualification will provide a broad basis for progression onto GCSE Core Cymraeg by focussing on similar skills and understanding.

What does the qualification cover?

| Unit | In this unit, learners will: |
|--|---|
| 1. Reading to understand and refer to familiar contexts | <ul style="list-style-type: none">• read simple reading texts in familiar situations in Welsh• understand and respond to different types of simple reading texts• develop reading and response skills to prepare for the world of work. |
| 2. Oracy - for everyday life | <ul style="list-style-type: none">• use Welsh to communicate with others in familiar situations• develop communication skills to prepare for the world of work. |
| 3. Writing - for practical purposes | <ul style="list-style-type: none">• develop their writing skills for familiar contexts• develop writing skills to prepare for the world of work. |

“Our General Foundation Qualifications are designed to inspire confidence and celebrate progress.

Through flexible, inclusive assessment and meaningful learning, they empower every learner to achieve success and develop a strong foundation for future learning, life and work.

Our teams are here to support you as you get ready to deliver these exciting new qualifications, providing personalised guidance and assistance to help you teach with confidence.”

Delyth Jones

Regional Support
Team Leader

Need more support?

Our Regional Representative **Sophie Dobbs** is available to support your centre to deliver these exciting new qualifications:

“ I work closely with schools and colleges across Wales, helping them understand the new Wave 3 qualifications that are coming as part of National 14-16 Qualifications reform in September 2027.

I'm here to support centres at every stage of the journey — from early conversations and planning, right through to delivery.

Before starting at WJEC I spent 17 years in secondary education. Having that experience, and a clear understanding of the practical challenges senior leaders face around staffing, timetabling, resources and budgets, means I'm well placed to support centres strategically and practically through the Wave 3 transition.”
