

Innovation Awards 2025

29th and 30th September 2025 – South Wales - Cardiff

6th October 2025 – North Wales – Bangor

This prestigious event is a showcase exhibition and competition for the most innovative project work at GCSE, AS and A Level in Design & Technology. The exhibition will be held in the autumn term at The All Nations Centre, Cardiff, and Riechel Hall, Bangor University.

The exhibition will give teachers and students the opportunity to see some of the best work of students aged 16 to 18 in Wales. All centres in Wales entering students for WJEC examinations in Design and Technology are automatically eligible. Visiting moderators and teachers will nominate projects for inclusion in the exhibition. The event will showcase 80 of the most innovative A2, AS and GCSE projects.

A team of distinguished judges will select 1st, 2nd and 3rd Prize winners at A level, AS Level and GCSE level and choose an overall Innovation Awards winner.

There will also be individual prizes for the project displaying the most potential for Intellectual Property protection, a prize for Science and a prize for the project displaying the greatest creativity.

Students will also be able to attend short talks on important aspects of their courses and at A Level see marked past paper questions.

Schools and colleges are invited to bring students from years 9, 10, 11, 12 & 13 to view the exhibition and attend the seminars.

Please study the Programme below to identify Teachers Seminars and Students Seminars that you wish to attend. Places are limited and offered on a 'first come first served basis'.

South Wales- Cardiff Event- All Nations Centre (CF14 3NY)

Judging to take place on Monday 29th September 2025.
