It is important that the candidate has the opportunity to demonstrate extended responses and is supported by the teacher.

A candidate should be looking to:

- provide facts and information relating to the bullet point chosen

- Please ensure that the candidate spends between 2½ to 3½ minutes on each part of the discussion.

PART 1

SUGGESTED SUPPORT QUESTIONS FOR CONVERSATION TASK

During both parts of the conversation it is important that the candidate is given the opportunity to develop the conversation and produce extended sequences of speech. If the candidate starts to dry up the teacher/examiner can facilitate the conversation by asking the candidate:
- for more detail
- to give and/or justify their ideas and/or opinions
- to narrate events or give an account of something that has happened relating to the topic
- for their future plans relating to the topic

Some candidates will be able to discuss some bullet points in depth while others may have less knowledge and/or linguistic ability. Candidates’ performance depends not only on their own skills and ability but also on the nature of the support questions asked by the teacher/examiner. The teacher is advised to familiarise themselves with the descriptors on the assessment grids for foundation and higher tier conversations and to ensure that their questioning gives candidates opportunities to achieve their potential in each section of the mark scheme.

The following questions are examples only and are not prescriptive or exhaustive. The teacher/examiner may use any other appropriate questions to give candidates opportunity to expand their responses.

MARK SCHEME

General Advice

Examiners are asked to read and digest thoroughly all the information set out in the document Instructions for Examiners sent as part of the stationery pack. It is essential for the smooth running of the examination that these instructions are adhered to by all.

Particular attention should be paid to the following instructions regarding marking.

- Examiners must be positive in their approach. Look for opportunities to reward rather than penalise.
- Make sure that you are familiar with the role plays, the photo card questions and the conversation themes and bullet points.
- Make sure you are familiar with the assessment grids for the photo cards and conversation at both tiers and the descriptors for each section of the grid (pages 152-155). See information below regarding advice on awarding marks using banded mark schemes.
- The specified length of the Speaking test for Foundation tier is 7-9 minutes and 10-12 minutes for Higher tier. You are not required to mark speaking evidence that exceeds these timings.

Centres are instructed to ensure that each candidate carries out the correctly allocated speaking set of tasks from a randomly generated list. Examiners will be provided with a copy of this list and are required to check that the correct set has been used. In cases where an incorrect set has been used, the examiner is requested to inform WJEC.

Banded mark schemes (Speaking)

Banded mark schemes are divided so that each band has relevant descriptors. The descriptors for the band provide a description of the performance level for that band.

Stage 1 - Deciding on the band

Beginning at the lowest band, examiners should look at the descriptors for that band and see if they match the qualities shown in the candidate’s work for that section. If the descriptors at the lowest band are satisfied, examiners should move up to the next band and repeat this process for each band until the descriptors match the candidate's spoken evidence.

If a candidate's discussion/conversation covers different aspects of different bands within the mark scheme, a 'best fit' approach should be adopted to decide on the band. For instance if work is mainly in band 2 but with a limited amount of band 3 content, the work would be placed in band 2. Examiners should not seek to mark candidates down as a result of small omissions in minor areas of their responses.
Stage 2 - Deciding on the mark -

Once the band has been decided, examiners can then assign a mark within the band. WJEC will provide standardising material already awarded a mark and this should be used as reference material when assessing the work.

When marking, examiners can use these examples to decide whether a candidate’s work is of a superior, inferior or comparable standard to the example. Examiners are reminded of the need to revisit the standardising material as they apply the mark scheme in order to confirm that the band and the mark allocated is appropriate to the work submitted.

The following pages contain notes for examiners; mark schemes for the role play for both Foundation and Higher tier; and assessment grids for the photo card discussion and the conversation. In addition, examiners should ensure they are familiar with the grammar requirements in Appendix B of the specification.

When using the assessment grids for the photo card discussion, the skills of Communication and interaction, and Linguistic knowledge and accuracy are to be assessed separately. Candidates achieving a lower mark in one column are not automatically precluded from accessing higher marks in another.

When using the assessment grids for Conversation, the skills of Communication and interaction, Pronunciation and intonation and Linguistic knowledge and accuracy are to be assessed holistically across both parts of the conversation. Candidates achieving a lower mark in one column are not automatically precluded from accessing higher marks in another.

The role play will be assessed according to the following criteria:

Role Play Task - Unseen question

The 'notes for examiners' on pages 137-154 contain possible responses to the role plays for Foundation Tier and exemplify 'complete responses' that would gain maximum marks assuming that the candidate's pronunciation and intonation are mostly accurate.

Candidates are instructed on the front of the question paper to 'attempt to provide complete responses in the role play task', and full sentences are not required; however, in order to achieve maximum marks for a response, knowledge of vocabulary and grammatical structures must be demonstrated and be mostly correct and pronunciation must also be accurate and clear. Where limited knowledge of vocabulary and grammatical structures is demonstrated and pronunciation is unclear one mark will be awarded.

Photo Card Discussion

Guidance for examiners

Teacher-examiners should aim to spend equal time on all four questions. However, some candidates will give uneven responses and some candidates may cover the unseen questions before these are asked. Teachers are allowed to prompt candidates to extend their answers where appropriate. Acceptable prompts in the assessed language include:

- asking why/why not
- asking their opinion
- asking what they think
- asking them to say more
- asking them to develop their answer, give more details or explain their response

Students who do not understand the unseen questions asked by the teacher-examiner may use repair strategies to seek clarification and should not be penalised. Candidates who then proceed to respond to the question should be awarded marks based on their response given to the question.

If a candidate does not respond to all the questions in this task this should be reflected in the marks awarded (see marking grids).

Conversation Task

Guidance for examiners

Teacher-examiners must remember that the candidate needs to cover both bullet points equally to access the full range of marks for the conversation. Candidates will not be penalised if they include content which could be linked to another bullet point as long as it is relevant and the requirements of the task are still met.

When awarding marks for the Conversation, Communication and interaction, Pronunciation and intonation and Linguistic knowledge and accuracy will be assessed separately. However if a candidate is awarded 0 for communication they will not be able to gain any marks for the other categories.

If a candidate is unable to start either part 1 or part 2 of the conversation as indicated on the candidate and teacher instructions then the teacher/examiner may prompt the candidate with a question taken from the Suggested support questions for conversation task p131 or another appropriate question. This will be reflected in the awarding of marks for communication and interaction. In part 2 the teacher/examiner will start by asking the candidate a question based on the bullet point selected by the candidate. The question may be taken from the support questions p131.

Candidates who use rephrasing or repair strategies successfully without impeding communication may access the higher bands.

MARK SCHEME

General Advice

Examiners are asked to read and digest thoroughly all the information set out in the document Instructions for Examiners sent as part of the stationery pack. It is essential for the smooth running of the examination that these instructions are adhered to by all.

A detailed mark scheme is provided but further answers will be discussed at the examiners’ conference in the light of candidates’ scripts.

Figures and numbers are acceptable and this is stated in the notes to candidates.

Additional incorrect information given by the candidate must be disregarded as long as the correct answer has been given unless the incorrect information obviously contradicts or modifies what has been written.

When extra boxes are ticked or additional answers given, the correct answers are credited and the incorrect ones subtracted. If candidates hedge their bets (give two contradictory answers), the marks awarded are +1 -1 = 0.

Where information given for example in brackets or with an oblique (unless considered an alternative answer) makes the answer more ambiguous a mark is deducted.

On some occasions there may be only a partial, incomplete or ambiguous answer and we need to look at these on an individual basis.

Answers in English which have English spelling which is incorrect but understandable and which does not interfere with the message communicated will be generally accepted.

Answers in Spanish which have Spanish spelling which is incorrect but understandable will be generally accepted.

The marks awarded for each question should be shown in the margin by the question. These should be totalled and the total shown at the bottom of the margin on the final page.

Marking reminders

- Ensure marks awarded tally with the number of marks allocated
- Check the number of details required in the response
- Check mathematical additions when totalling marks

The following pages contain the transcripts of the extracts used for Unit 2 and mark schemes for both Foundation and Higher tier.

Any two: they help us to be informed (or to find things out quickly) / to know the likes and preferences of friends / to be in contact with people  

(b) What feature do all social networks have in common according to the report?

(e) Write **one** reason according to the report why a friend on social media is not the same as a real friend.  
Any one: a friend is now only a contact on social media / a friend is someone who you don’t really know/ you don’t really know if they are who they say they are / it’s probably someone you never see in person
Section 1

Las redes sociales nos ayudan a estar informados de una forma más rápida, de conocer los gustos y las preferencias de nuestros amigos y a estar en contacto. Todas tienen la característica común de conectar a la gente, pero tener la mayor cantidad de contactos parece una obsesión para muchos. Esto es divertido al principio, pero se puede convertir en un problema.

Section 2

Seguramente en tus contactos verás a alguna persona que en realidad no conoces. Ahora un ‘amigo’ es solamente un contacto en una red social, la verdad es que no tienes ni idea de quién es, si realmente es quien dice ser, una persona que muy probablemente nunca en tu vida verás personalmente.

En mi colegio todos hacemos experiencia laboral. Hice mis prácticas en una fábrica el año pasado. Tuve que trabajar a tiempo completo y siempre estaba cansado al llegar a casa. Pasé dos semanas allí. El trabajo fue muy aburrido y repetitivo, lo mismo cada día y no me llevaba bien con el jefe porque era desagradable.

Sin embargo, fue una buena experiencia porque aprendí como trabajar en equipo y los empleados eran muy amables y divertidos. También había una cantina con comida deliciosa. Compré un bocadillo cada día.

Question 9 (6 marks)

Read this news article about social media. Answer the questions in English.

La importancia de las redes sociales para los adolescentes

El 94% de los adolescentes han utilizado algún tipo de medio o red de comunicación social. El 51% informó que lee algún tipo de medio social, una o varias veces al día. Casi una cuarta parte de los adolescentes encuestados reportaron haber usado al menos dos tipos de medios sociales cada día. Sin embargo, la mayoría de los adolescentes no atribuyen bienestar emocional o social a los medios sociales. Algunos adolescentes reportan que los medios de comunicación social ayudan a resolver problemas como la timidez, confianza en sí mismo y la popularidad pero pocos adolescentes atribuyen la depresión a los medios sociales. El acoso cibernético puede ser una situación potencialmente peligrosa y las cuestiones de circular imágenes y compartir información personal en línea son otros riesgos potenciales.

**Hola**

Gracias por tu mensaje. Lo siento pero no puedo salir contigo este fin de semana. Tus padres son muy generosos pero los míos no me dan nada de dinero y por eso tengo que trabajar en una cafetería todos los sábados.

Lo bueno es que me gusta lo que hago y mis compañeros son divertidos. El trabajo es bastante fácil y a veces recibo propinas de los clientes. Lo malo es que termino a las cinco entonces no tengo ganas de salir por la noche después de un día largo.

Además de no ser muy generosos, mis padres nunca me dejan salir los domingos porque dicen que tengo que estudiar. Preferiría que fueran más relaxados conmigo y menos protectores.

¿Tienes planes la semana que viene? No tendré que trabajar porque la cafetería estará cerrada el sábado. Lléname si quieres salir.

Paz

Question 6 (8 marks)

Read this article from an online newspaper about going to university. Complete the table identifying the various benefits. **Answer the questions in English.**

¿Por qué son importantes los estudios?

La educación universitaria abre muchas puertas y ofrece muchas ventajas y oportunidades. De hecho, las personas con educación universitaria logran un salario de casi el doble que aquellos que solamente tienen un diploma de escuela secundaria. Los empleadores pueden usar los títulos universitarios como uno de los instrumentos de selección para sus empleados potenciales.

Además, un graduado universitario tiene otras ventajas. Algunos estudios indican que los graduados viven más años, tienen más tiempo para participar en actividades recreativas, votan en mayor porcentaje y participan más en sus comunidades. Tener una educación universitaria le ofrece al individuo muchas ventajas para su futuro también. Según los estudios, todas estas ventajas beneficiarán a sus hijos, los cuales crecerán más sanos, tendrán más éxito en la escuela y tendrá más posibilidades de asistir a una universidad.

Mis padres hace 2 años me prometieron que cuando cumpliera los quince años me llevarían de viaje a Egipto porque siempre me ha interesado demasiado la historia del país, desde la primera vez que me hablaron de ello, a los cinco años me empecé a interesar.

El avión saldría a las 8:30 así que tenía una hora y media para empacar y desayunar. Cogí la maleta que me compraron mis padres hacía dos días expresamente para el viaje y empecé a meter ropa y otros objetos que creí que me harían falta en el viaje. Entre ellos no olvidé meter mi cámara fotográfica que me compré hacía 3 años con mis propios ahorros. Cerré mi maleta y la puse encima de la cama, bajé al comedor para desayunar. Me había levantado demasiado temprano porque estaba todo oscuro y mis padres aún no se habían levantado.

-Venga papá, mamá, perderemos el vuelo - Dije con un toque de nerviosismo.

Question 8  (8 marks)

Read the following internet article on sport. Answer the questions in English.

El deporte, vital para los jóvenes

Las actividades deportivas en la adolescencia son de suma importancia para la formación física, mental, emocional y social. Además, un joven que practica un deporte tendrá menos problemas de salud en su futuro adulto. Es por esto que desde la infancia debe tener una adecuada educación física, fomentada desde el colegio y apoyada en casa. Esto le trae grandes beneficios para el desarrollo del cuerpo y la personalidad del joven, le ayuda a la estabilidad emocional y las buenas relaciones personales.

Cuando se dedica a las prácticas deportivas, los adolescentes aprenden a ser más disciplinados y más competitivos, disfrutan las victorias y aceptan las derrotas. Respecto a sus relaciones sociales, los adolescentes aprenden a trabajar en equipo porque respetan a los otros y a las reglas. La práctica del deporte también ayudará a prevenir hábitos perjudiciales como el consumo de tabaco, alcohol o drogas.

UNIT 3: READING (60 marks)

MARK SCHEME

General Advice

Examiners are asked to read and digest thoroughly all the information set out in the document *Instructions for Examiners* sent as part of the stationery pack. It is essential for the smooth running of the examination that these instructions are adhered to by all.

A detailed mark scheme is provided but further answers will be discussed at the examiners’ conference in the light of candidates’ scripts.

Figures and numbers are acceptable and this is stated in the notes to candidates.

Additional incorrect information given by the candidate must be disregarded as long as the correct answer has been given unless the incorrect information obviously contradicts or modifies what has been written.

When extra boxes are ticked or additional answers given, the correct answers are credited and the incorrect ones subtracted. If candidates hedge their bets (give two contradictory answers), the marks awarded are +1 -1 = 0.

Where information given for example in brackets or with an oblique (unless considered an alternative answer) makes the answer more ambiguous a mark is deducted.

On some occasions there may be only a partial, incomplete or ambiguous answer and we need to look at these on an individual basis.

Answers in English which have English spelling which is incorrect but understandable and which does not interfere with the message communicated will be generally accepted.

Answers in Spanish which have Spanish spelling which is incorrect but understandable will be generally accepted.

Translation into English

Suggested translations of each sentence or passage are provided in the mark scheme. Each sentence or section is credited with 1 or 0 marks. Possible alternatives will be looked at on an individual basis. English spelling which is incorrect but understandable and does not interfere with the message communicated will be generally accepted.

The marks awarded for each question should be shown in the margin by the question. These should be totalled and the total shown at the bottom of the margin on the final page.

Marking reminders

- Ensure marks awarded tally with the number of marks allocated
- Check the number of details required in the response
- Check mathematical additions when totalling marks

The following pages contain the mark schemes for both Foundation and Higher tier.

Read this news article about social media. **Answer the questions in English.**

**La importancia de las redes sociales para los adolescentes**

El 94% de los adolescentes han utilizado algún tipo de medio o red de comunicación social. El 51% informó que lee algún tipo de medio social, una o varias veces al día. Casi una cuarta parte de los adolescentes encuestados reportaron haber usado al menos dos tipos de medios sociales cada día. Sin embargo, la mayoría de los adolescentes no atribuyen bienestar emocional o social a los medios sociales. Algunos adolescentes reportan que los medios de comunicación social ayudan a resolver problemas como la timidez, confianza en sí mismo y la popularidad pero pocos adolescentes atribuyen la depresión a los medios sociales. El acoso cibernético puede ser una situación potencialmente peligrosa y las cuestiones de circular imágenes y compartir información personal en línea son otros riesgos potenciales.

¿Por qué son importantes los estudios?

La educación universitaria abre muchas puertas y ofrece muchas ventajas y oportunidades. De hecho, las personas con educación universitaria logran un salario de casi el doble que aquellos que solamente tienen un diploma de escuela secundaria. Los empleadores pueden usar los títulos universitarios como uno de los instrumentos de selección para sus empleados potenciales.

Además, un graduado universitario tiene otras ventajas. Algunos estudios indican que los graduados viven más años, tienen más tiempo para participar en actividades recreativas, votan en mayor porcentaje y participan más en sus comunidades. Tener una educación universitaria le ofrece al individuo muchas ventajas para su futuro también. Según los estudios, todas estas ventajas beneficiarán a sus hijos, los cuales crecerán más sanos, tendrán más éxito en la escuela y tendrá más posibilidades de asistir a una universidad.

Cogí la maleta que me compraron mis padres hacía dos días expresamente para el viaje y empecé a meter ropa y otros objetos que creí que me harían falta en el viaje. Entre ellos no olvidé meter mi cámara fotográfica que me compré hacía 3 años con mis propios ahorros. Cerré mi maleta y la puse encima de la cama, bajé al comedor para desayunar. El deporte, vital para los jóvenes

Las actividades deportivas en la adolescencia son de suma importancia para la formación física, mental, emocional y social. Además, un joven que practica un deporte tendrá menos problemas de salud en su futuro adulto. Es por esto que desde la infancia debe tener una adecuada educación física, fomentada desde el colegio y apoyada en casa. Esto le trae grandes beneficios para el desarrollo del cuerpo y la personalidad del joven, le ayuda a la estabilidad emocional y las buenas relaciones personales.

Cuando se dedica a las prácticas deportivas, los adolescentes aprenden a ser más disciplinados y más competitivos, disfrutan las victorias y aceptan las derrotas. Respecto a sus relaciones sociales, los adolescentes aprenden a trabajar en equipo porque respetan a los otros y a las reglas. La práctica del deporte también ayudará a prevenir hábitos perjudiciales como el consumo de tabaco, alcohol o drogas.

General Advice

Examiners are asked to read and digest thoroughly all the information set out in the document Instructions for Examiners sent as part of the stationery pack. It is essential for the smooth running of the examination that these instructions are adhered to by all.

Particular attention should be paid to the following instructions regarding marking.

- Examiners must be positive in their approach. Look for opportunities to reward rather than penalise.
- Make sure that you are familiar with the questions and the relevant mark schemes.
- Familiarise yourself with the descriptors for each section of each assessment grid. See information below regarding advice on awarding marks using banded mark schemes.
- For questions at Foundation and Higher tier where an approximate word count is advised, the whole task must be marked and no marks are to be deducted for exceeding the word limit.

Translation into Spanish

Suggested translations of each sentence or passage are provided in the mark scheme and will be further discussed at the examiners’ conference in the light of candidates’ scripts. Possible alternatives will be looked at on an individual basis.

Banded mark schemes

Banded mark schemes are divided so that each band has a relevant descriptor. The descriptor for the band provides a description of the performance level for that band. Examiners should first read and annotate a candidate’s answer to pick out the evidence that is being assessed in that question. Once the annotation is complete, the mark scheme can be applied.

This is done as a two stage process.

Stage 1 – Deciding on the band

When deciding on a band, the answer should be viewed holistically. Beginning at the lowest band, examiners should look at the candidate’s answer and check whether it matches the descriptors for that band. If the descriptors at the lowest band are satisfied, examiners should move up to the next band and repeat this process for each band until the descriptors match the answer.

If an answer covers different aspects of different bands within the mark scheme, a ‘best fit’ approach should be adopted to decide on the band and then the candidate’s response should be used to decide on the mark within the band. For instance if a response is mainly in band 2 but with a limited amount of band 3 content, the answer would be placed in band 2, but the mark awarded would be close to the top of band 2 as a result of the band 3 content. Examiners should not seek to mark candidates down as a result of small omissions in minor areas of an answer.
Stage 2 – Deciding on the mark

Once the band has been decided, examiners can then assign a mark. During standardising (marking conference), detailed advice from the Principal Examiner on the qualities of each mark band will be given. Examiners will then receive examples of answers that have been awarded a mark by the Principal Examiner. Examiners should mark the examples and compare their marks with those of the Principal Examiner.

When marking, examiners can use these examples to decide whether a candidate’s response is of a superior, inferior or comparable standard to the example. Examiners are reminded of the need to revisit the answer as they apply the mark scheme in order to confirm that the band and the mark allocated is appropriate to the response provided.

The following pages contain the mark scheme and assessment grids for both Foundation and Higher tier. In addition, examiners should ensure they are familiar with the grammar requirements in Appendix B of the specification.

When using the assessment grids for Question 2 Foundation tier, Communication and content and Linguistic knowledge and accuracy are to be assessed separately. Candidates achieving a lower mark in one skill are not automatically precluded from accessing higher marks in the other. Where a candidate produces a response which is wholly irrelevant to the task set, 0 marks for both Communication and content and Linguistic knowledge and accuracy will be awarded.

When using the assessment grids for Question 3 (Foundation tier) and Question 1 (Higher tier), Communication and content and Linguistic knowledge and accuracy are to be assessed separately. Candidates achieving a lower mark in one column are not automatically precluded from accessing higher marks in another. Where a candidate produces a response which is wholly irrelevant to the task set, 0 marks for Communication and content and Linguistic knowledge and accuracy will be awarded.

When using the assessment grids for Question 2 Higher tier, Communication and content and Linguistic knowledge and accuracy are to be assessed separately. Candidates achieving a lower mark in one column are not automatically precluded from accessing higher marks in another. Where a candidate produces a response which is wholly irrelevant to the task set, 0 marks for Communication and content and Linguistic knowledge and accuracy will be awarded.
