Dear Mike

**Re WJEC Level 3 Applied Certificate in Tourism
WJEC Level 3 Applied Diploma in Tourism**

I am writing this letter in support of:

603/0825/4 - WJEC Level 3 Applied Certificate in Tourism

603/0826/6 - WJEC Level 3 Applied Diploma in Tourism

These qualifications appropriately assess the skills, knowledge and understanding of tourism at Level 3.

The qualifications have been designed to give a clear understanding of the nature of the tourism industry and provide opportunities for candidates to develop the skills and knowledge required as they progress from Certificate to Diploma.

The Level 3 Certificate and Diploma in Tourism qualifications are a firm basis for further study at higher level including degree, vocational courses and work-based training. In particular, the inclusion of event and itinerary planning within the Diploma course provides an insight into content that is relevant to courses and opportunities relating to events management and other associated industries.

These qualifications would be accepted alongside other qualifications of the same level to study courses offered at Carrickfergus College such as:

-  GCE Business Professional Services
-  Cambridge Technical Level 3 ICT
-  Government and Politics
-  History
-  RE

-  Art
-  Technology and Design
-  English Literature

Also, alongside other academic and vocational qualifications offered in the Carrickfergus Learning Community (a shared learning community at Post16 across the four Post-Primary schools in the Carrickfergus area).

I fully support the development of this qualification.

Yours sincerely

R MacQuarrie
