## Advanced

Community Challenge  
Language Ambassador

**Available for assessment from September 2016**

### PURPOSE

The purpose of the Community Challenge is to develop learners' skills, whilst encouraging learners to identify, develop and participate in opportunities that will benefit a community. During the Community Challenge learners will explicitly develop skills of **Planning and Organisation** and **Personal Effectiveness** and apply them in an appropriate manner.

### BRIEF

In this Challenge you will be given the opportunity to make a positive contribution to the community. You will focus on real-life concerns and needs whilst engaging in activities which aim to make a real difference. This challenge should enable you to develop as an effective and responsible member of the community. In completing the Community Challenge you will be able to recognise the contributions you can make towards improving the chosen community and the benefits this will have for you, for others and for the environment. Where appropriate, you will be able to demonstrate independence, responsibility and an ability to work well with others.

**Routes into Languages Cymru** would like your help to promote and raise the profile of Modern Foreign Languages in your school or college. This will involve you as an individual or as a member of a team (3 – 6 members) planning, organising and carrying out a varied programme of appropriate events and activities to groups in your school or college, or in any educational establishment.

The main purpose of your role is to support the languages department, and could include:

- Raising the profile of the Department.
- Sharing information about the importance of foreign language skills for work and life.
- Encouraging learners to study modern foreign languages.

You must actively engage and demonstrate commitment over a minimum of **30 hours** and **at least 4 weeks** to develop these opportunities for the specified group, providing advice and support, to encourage further understanding and enjoyment of Modern Foreign Languages.
