Community Challenge

Powys War Memorials Project

Social/Welfare - Supporting an organisation

Available for assessment from January 2018

Bringing World War One memories to life

PURPOSE

The purpose of the Community Challenge is to develop learners' skills, whilst encouraging learners to identify, develop and participate in opportunities that will benefit a community. During the Community Challenge learners will explicitly develop skills of **Planning and Organisation** and **Personal Effectiveness** and apply them in an appropriate manner.

BRIEF

In this Challenge you will be given the opportunity to make a positive contribution to the local and regional community. You will focus on real-life concerns and needs whilst engaging in activities which aim to make a real difference. The Community Challenge should provide experiences that help you understand what it means to be an active citizen. The challenge should enable you to develop as effective and responsible members of the community. In completing the Community Challenge you will be able to recognise the contributions you can make towards improving the chosen community and the benefits this will have for you, for others and for the environment. Where appropriate, you will be able to demonstrate independence, responsibility and an ability to work well with others.

The Powys War Memorials Project is a four year project, mainly funded by the Heritage Lottery Fund, to commemorate the centenary of World War 1. The project covers the whole of Powys.

One of the project outcomes is to organise and facilitate World War 1 related events and activities for communities in Powys. The events and activities could include screenings of films about World War 1, performances of plays about World War 1, music nights or oral history events for local historians to present the results of their World War 1 research.

We would like as many people as possible to engage with the project by attending, contributing to and participating in World War 1 events and activities. Would you like to help us achieve that?

You will help over a period of at least 3 months. This will involve you and / or your team planning, organising, carrying out and evaluating a varied programme of appropriate World War 1 events and activities. This Challenge would be particularly suitable for students considering a course or career in geography, history, heritage or the travel and tourism sector.

Please contact the Powys War Memorials Project Officer or access the project website for more information:
