Conflict displacement and migration

Purpose:

The purpose of the Global Citizenship Challenge is to develop learners' skills, whilst providing opportunities to understand and respond appropriately to global issues. During the Global Citizenship Challenge learners will explicitly develop skills of Critical Thinking and Problem Solving and Creativity and Innovation and apply them in an appropriate manner.

BRIEF

There are many problems in the world that we should all help to resolve even if it happens hundreds or thousands of miles away, or where you live in Wales. To become a global citizen you need to develop a human conscience and make judgments about the issues that matter and the type of world you want to live in. Being a global citizen gives you the power to bring about positive change to make this world a better place.

In recent years there has been an increase in the number of armed conflicts around the world due to national, ethnic or religious struggles. This has resulted in many people being displaced from their homes and forced to migrate to other countries and communities to escape the **extremism or prejudice** within their home country.

During this Challenge you will have the opportunity to acquire knowledge and understanding of **conflict displacement and migration**; and develop an insight into the challenges faced across the world in addressing this issue. You will use a variety of information in the resource pack to develop and support particular arguments and viewpoints and identify your own ideas to construct your own **Personal Standpoint** on conflict displacement and migration.

You then have to produce an item for an **Exhibition on "Conflict displacement and migration"** to educate, engage and encourage people to think and act as global citizens. You should design your item in a creative and innovative way so that it will appeal to the target audience. The exhibition offers you an opportunity to display your item in an imaginative format and make use of effective communication by providing a clear message which is memorable, original and relevant.

By completing this Challenge you will show that you can reason, make judgements and make decisions in order to create an informed personal standpoint on **conflict displacement and migration**. Producing an item for an exhibition allows you to show how creative and innovative you can be in communicating your ideas and presenting your message to other people.
